15 CENTS

\$6 million will be needed over decade to provide city water, sewer

By LAURIE TELFAIR

It will take \$6 million over the next 10 years to keep up with Canyon's water and sewer needs, city commissioners were told Monday night.

The figures were contained in a projection of needs prepared by city manager Glen Metcalf, city engineer Bill McMorris and water superintendent Robert Rogers and presented to the commissioners as part of a review of a current city policy to share some of the cost of developing new housing.

Proposed costs of capital improvements will include \$3,408,000 for water system and \$2,920,000 for sewerage treatment.

Ten-year projections include the need for eight new water wells, a new waste water treatment plant and 14-inch water mains looping the city.

Metcalf cautions that the projections are simply estimates of what will be needed and should not be taken as commitments for expenditures.

Expansion is based on an estimated population for the city of

13,419 by 1985. Using city figures, the present daily well capacity of 4,924,800 will be adequate to meet even peak needs for about two more years.

By 1985, the city must have a peak capacity of 6,101,393 gallons daily, according to the projection.

The present sewer plant will handle a population of 12,450, or will be adequate until about 1983, the study estimates.

Costs are projected to mount steadily until 1982, when \$1,460,000 is estimated to provide a

new sewer treatment plant for \$1,200,000 and two new wells and storage planned for \$260,000.

The following year, 1983, \$1,100,000 is estimated to pay for a \$790,000 water pumping facility and storage in north Canyon and \$210,000 for sewer collection mains in west Canyon.

The projected expenditures for next year are more modest: \$283,000 for two new wells and a transmission main at the Umbarger field and an additional clarifier at the sewage treatment plant for \$130,000.

In 1977, an estimated \$485,000 will be needed for sludge drying beds, more sewer lines to the university, more lab equipment, a pumping station at the Umbarger field and the start of a 14-inch water main around the south part of the city.

Additions in 1978 will include another well, continuation of the main, more water rights and water mains to the Crow addition for an estimated \$345,000. Sewer needs are estimated to total \$160,000 for a collection system and lift station in the Crow

addition and east Canyon.

In 1979, lift stations in the northwest section and for the university will total \$250,000 while extending the water main loop around the city will cost \$350,000.

The following year, water costs will amount to \$610,000 for completion of the loop, one new well, and two 500,000 gallon overhead storage tanks. The relining of the sewer collection system in the older sections of Canyon is plotted in 1980 for \$225,000.

In 1981 sewage plant modifi-

cations are expected to amount to \$325,000 and water mains in west Canyon are estimated at \$175,000.

After the peak years of 1982-83, expenditures drop in 1984 to \$230,000 for sewer mains and two new wells and in 1985 to \$420,000 for additional water storage facilities and a sewer system to serve east of Tierra Blanca Creek.

While Metcalf argues that improvements should be made on a pay-as-you-go basis, he doesn't rule out the possibility of a bond

issue. "Situations can occur for which all the reserves and more would be needed," he said. "For example, the restrictions and requirements being imposed upon waste treatment by the state and federal governments could overnight require funding through other methods than by operating revenues."

But, he said, yearly improvements would help alleviate the need for a bond issue. "It makes sense to add income," he said. (See MILLION Page 5)

Summertime weather and ice cream cones were enjoyed by twin brothers, James Lee and J.D., as they stopped to select a

Christmas tree with their mother, Barbara Foster, this week.

Probation for WTSU basketball, reprimand for football advised

President Lloyd Watkins is expected to place West Texas State University basketball coaches on institutional probation for two years and to issue a reprimand to football coaches in connection with alleged student recruiting violations.

The action will come if Watkins concurs with a recommendation from the university Athletic Committee that the basketball coaches be placed on two years probation, during which time they can recruit no more than four players each year, and that football coaches be given a reprimand.

The athletic committee has also recommended that basketball coaches be required to meet with the committee quarterly to explain recruiting practices. After

the end of the two year probationary period, the committee will review their decision again.

The athletic committee's recommendations were compiled Monday afternoon in a closed-door session as a result of charges leveled at the basketball coaches by the NCAA and the Missouri Valley Conference recently alleging basketball recruiting violations.

Athletic Director Gene Mayfield is to answer the MVC allegations today at the MVC annual meeting in Tulsa. MVC penalties concerning the charges are not expected to be made public until next week or possibly later.

The university will respond to the NCAA allegations in person during the week of Dec. 15, but no decision will be rendered until

the January meet of that organization.

Dr. Jack Bullock, chairman of the athletic committee, said the action to institute institutional penalties is required by the conference of the university under provisions mandating that the institution maintain control of its athletic program.

"We regulate ourselves," Bullock said.

But, he said, the fact that the institution will impose penalties on the basketball coaches implies that the university will be unable to refute all charges leveled by the NCAA and MVC in connection with the alleged recruiting violations.

He said Mayfield is expected to defend the coaches against one charge in particular, but would

not reveal which charge.

Bullock said in the course of a local investigation into alleged recruiting violations another violation was turned up, one involving the recruiting of a potential football player. He said that violation has been voluntarily reported to both the MVC and NCAA.

Bullock indicated that the penalties imposed by the institution could have some bearing and influence on the kind of penalties leveled against the coaches by the NCAA and MVC.

He said more and more both groups have assessed penalties in line with penalties the institutions themselves impose.

Watkins had no comment Wednesday on whether he would accept the faculty committee re-

commendation.

Bullock said the penalty will place the basketball program on probation and will require that coaches may recruit no more than four prospects each year for

Comptroller's statement backs co-op stand

Co-op asks hearing on 'back tax'

Directors of Canyon's Consumer Fuel Association will this week request a special hearing before State Comptroller's officials in Austin to protest a local determination that the co-op owes \$10,000 in back sales taxes.

Comptroller auditors in October told co-op directors the association owes the state the back sales taxes it failed to collect from area farmers and ranchers, but co-op officials have contended that the auditors misinterpreted the law.

Wes Bourn, co-op manager, said Monday the co-op will seek an administrative hearing in Austin on the controversy.

Co-op Attorney Jim Brown said no date has yet been set for the hearing.

Co-op officials contend that if the interpretation of the state sales tax law issued by local auditors in assessing the back taxes is allowed to stand unchanged farmers and ranchers throughout the state will be taxed at increased levels.

Auditors in October reviewed the co-op's books and at the end of the audit turned over a lengthy list of items they contend are not exempt from the sales tax but which they contend were sold as though exempt, Bourn said.

The auditors assessed back taxes for four years against the cooperative. Brown contends the auditors have misinterpreted the law. They contend, he said, that only those items which are manu-

factured or designed exclusively for use on farm or ranch can be exempted from sales taxes.

The law, Brown argues, says that those items which are used exclusively for farm and ranch use may be exempted.

Brown also contends that so long as the purchaser of a particular item or implement swears on an affidavit that the item will be used only on his farm or ranch, the co-op is not liable for collection of sales taxes and cannot be held responsible if sales taxes are not collected.

Brown feels his case was strengthened this week by a press release issued by State Comptroller Bob Bullock. The release is a weekly column Bullock sends to all weekly newspapers

in the state.

In the release, Bullock interprets the law on farm item sales tax collection exactly as does Brown and co-op officials, and contrary to the interpretation of Bullock's auditors.

Bullock's press release states: "We have very few problems interpreting the exemption on seeds, fertilizers, and animal feeds bought by farmers and ranchers. But there is frequent confusion about exemptions on agricultural machinery and equipment."

"The law says the exemption applies to machinery and equipment 'exclusively' used in producing food for humans or feed

(See CO-OP Page 5)

Faculty holding action still on as vote fails

West Texas State University Faculty Council members failed on a tie vote Monday to call off a faculty holding action on submission of student evaluation sheets for computer processing.

A second vote on the issue is expected at a regular council meeting at 3 p.m. Friday.

A resolution submitted by Dr. Walter L. Shelly, council chairman, rescinding an earlier resolution calling for the faculty holding action failed to receive majority approval of the 10 council members present at the special Monday session.

The vote came after Dr. Ray A. Malzahn, academic vice president and chairman of a university-wide tenure and promotion committee, explained that his

committee had compromised on a demand of the council in calling the holding action original.

The original resolution asked faculty members who desired to submit student evaluations but to request their department heads to hold the student statements at department level until resolution of a problem in standards for determining the weighting to be given the evaluations by the tenure and promotion committee could be achieved.

The resolution referred specifically to a vote taken by the tenure and promotion committee in early November to determine the teaching effectiveness of a faculty member through use of

the student evaluation with each committee member assigning to the evaluations the weight he desired.

The Faculty Council had recommended in an early November resolution that student evaluations not be considered as counting more than 50 per cent in the determination of teaching effectiveness.

In a special vote last week, following a lengthy meeting between council members and the tenure and promotion committee, the latter voted that the student evaluations would count no more than 75 per cent in determining teaching effectiveness, and that 25 per cent would come from faculty evaluation by de-

Keeling says now not time

Board 'interested' in land deal

The Canyon School Board is "definitely interested" in trying to work a deal with the Amarillo School Board for the ceding of "some areas" in South Amarillo, Board President Tom Keeling said Tuesday night.

It was the first positive public statement by a local school board member concerning the possibility of allowing Amarillo to annex some portions of the Canyon district since developers in South Amarillo offered the board \$100,000 for an affirmative decision.

Keeling reshaped the Canyon position Tuesday night during the final of two public meetings to air questions about the upcoming Tuesday school bond issue election.

Mrs. Ann Asquith of Canyon told board members her primary concern in the upcoming bond

election was whether by building new schools in the north part of the Canyon district the school board might be losing the ability to negotiate with the Amarillo school board for de-annexation of certain lands south of Amarillo.

Keeling said he feels the location of two new schools in the north part of the district will have no effect on the board's

ability to negotiate with Amarillo for de-annexation.

"There are some areas there we are definitely interested in probably trying to make some sort of deal with Amarillo," he said. "But, we're not sure now is the time to do it. But, we'd like to deal with them."

Dr. Dudley Moore, school board member, said the negotiation process might take

Bond fans spend \$1000; no con file

The Canyon Committee for Quality Education, a citizens group favoring passage of Tuesday's school bond election, has collected \$1045 so far and has spent \$1008 to promote passage of the bond issue, a statement filed Tuesday indicates.

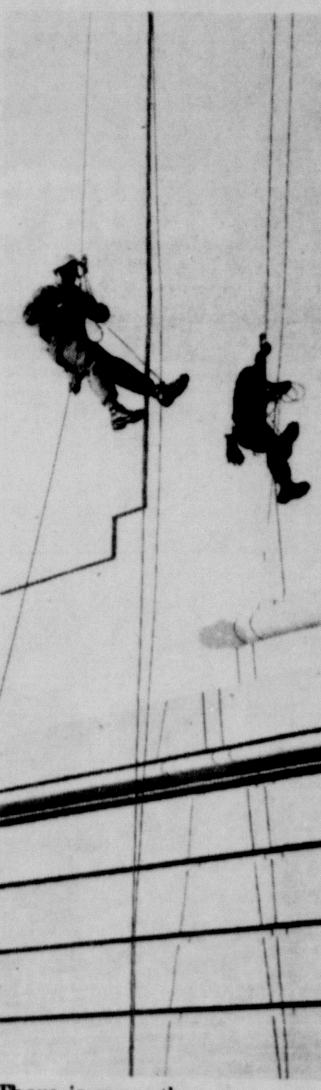

The Taxpayers Revolt Committee, which opposes passage of the bond issue, failed to file a statement of contributions and expenditures Tuesday and a statement had not been filed as of noon Wednesday.

If the committee, headed by Stan Collins, fails to file within 15 days after the Tuesday deadline, Collins could be charged with a Class A misdemeanor and could be civilly liable for paying to the state an amount equal to triple the amount or value of the unreported contributions or expenditures, under a new state law.

The statement filed by the Quality Education Committee, headed by John Reeves, indicates the committee received the bulk of its contributions from persons contributing less than \$50 each. The law does not require statements to include the names of persons who contribute less than \$50 total.

A \$500 donation to the committee is listed on the statement from Wesley Byrom, who is service manager for Southwestern Bell Tele-

(See BACKERS Page 5)

There is more than one way to climb a mountain — or, in this case, the Old Administration Building at WTSU — as Mike Sciorra of the Army's Medical Rescue Team from Ft. Carson demonstrated. Two members of the famed team were on campus Monday to show methods and equipment used in their mountain rescue work.

Johnston to head chamber

Don Johnston, owner of the Canyon Western Auto store, was elected Monday night as president of the Canyon Chamber of Commerce for 1976.

Phil Langen, manager of the West Texas State University bookstore, will be vice president, and Mrs. Lois Rice, owner of The Furniture Galleries of Canyon, will be treasurer.

Outgoing president for 1975 is Weldon Trice, dean of men at WTSU.

New officers were elected at the close of a brief Monday night session which saw discussion center mainly around the future of athletics at West Texas State University.

Chamber directors unanimously approved for presentation Friday to WTSU regents a statement prepared by Cordell Huddleston, vice president of West Texas State Bank.

Huddleston's statement urges the regents to retain WTSU athletic membership in the Missouri Valley Conference and the NCAA and pledges chamber

City Commissioners Off Again, On Again Decision Is Put Off Again

City commissioners again put off a decision on altering the policy to share some of the cost of development, after considerable discussion in a meeting well attended by local builders.

Despite a request from A.W. Lair, who is developing Hunsley Hills, that he would "rather have you rule against me than postpone it," the board voted to table the matter until Dec. 15. Lair told the board at the previous meeting that he is facing a mid-December deadline to let new water and sewer contracts and needs to know what the city's policy will be.

At one point, the commissioners appeared near a decision. After nearly an hour of discussion between the commissioners and several

developers attending the meeting, Commissioner J. Pat Stephens introduced a motion seconded by Commissioner Willis Harrison to discontinue participating in the costs of installing sewer lifts or paving intersections. However, at the urging of Commissioner Jim Christopher, who said he needed more information, Stephens withdrew his original motion and substituted a motion to table the matter until the next meeting. This passed on a 3-2 decision, with Mayor Manly Bryan and Commissioner H.R. Fulton opposing.

Others Do It

Lair and Jack Taylor, also a developer, presented the results of an informal survey of surround-

ding cities which they had made earlier in the day.

"Of the eight towns we surveyed, seven paid for half or all of sewer lifts," Lair told the board.

City manager Glen Metcalf, with city engineer Bill McMorris concurring, said, however, that the general trend was for cities to discontinue sharing development costs.

Metcalf argued that using taxpayers' money to participate in development costs benefited only the developer, while using the funds for expansion of the water system benefits the entire community. He estimated that by 1985, some \$6 million would have to be spent on water and sewer expansion.

Taylor told the board that Canyon is in direct competition for new residents with Amarillo, Tulia and other surrounding towns.

"Sure, we can take the development costs and put them on the price of the lot," he said. "But who are you penalizing? You're putting it on the consumer. I feel we're in direct competition with Amarillo, Tulia and so forth so don't penalize us by making us ask more for our lots."

rise in water and sewer rates.

"I'd like to address myself to the fiction that we have a water-breaking-even water and sewer rate..." he said. "Over the years we have put over \$1 million from water and sewer into other areas. The city of Canyon has used water and sewer money to hold down taxes. They've used it as sort of a sales tax to spread the

tax burden over the most people — everybody uses water and sewer. The water and sewer fund has exceeded its cost by hundreds of thousands of dollars.

"So why do we go through this fiction that we have to raise water and sewer rates? I think it's insulting as hell.

"Why not tell the truth? Why not just say water and sewer

make money and we use it for other things?" Lair demanded.

Metcalf answered, "Maybe the city possibly does have a surplus, but if they had gone out and drilled new wells as we'll have to do, there would not be a surplus. This money that has not gone for capital improvements in the past needs to be spent on that now."

Earlier in the meeting, the com-

missioners voted to reimburse Lair \$3,510 for installing a water line in Hunsley which the board ruled was oversized. The city policy allows participation in costs of installing oversized lines.

Speed Limits

The board also agreed in principle to approve an ordinance reducing the speed limits on south 23rd Street from the present 55 mph and 45 mph to 50 mph and 40 mph, respectively. Going south, the proposed reduction to 40 will begin at 12th Avenue and the reduction to 50 will begin 475 feet south of 14th Avenue.

Police Chief Al Stewart told the commissioners the reduction was

necessary because of the increase in traffic in the area as more houses and stores locate there. Three major accidents with serious injuries have occurred in that section, he said, and he blamed them on greater speed than drivers.

The board also approved two zoning recommendations to change an area along 4th Avenue west of the railroad tracks to multifamily housing and to rezone another area between 4th and 5th Avenues west of the tracks to commercial.

Payment was approved for architecture fees on the civic complex of \$8,534; library consultant fees of \$2,204 and furnishings of \$5,698.

Santa Ready For Letters

Santa Claus has once again asked the Canyon News to accept letters from local youngsters concerning their Christmas desires and then to pass them on to the North Pole, News Publisher Troy Martin announced Tuesday.

Martin said Claus hopes all local youngsters will make known their wishes for Christmas gifts by writing letters to The News, which will be published in a Christmas Eve edition and then routed hurriedly to Claus before his nighttime trip south.

Letters should be addressed to either Claus or The News at Box 779, Canyon. All letters will be published.

Rates Attacked

No Action Yet On Gas Limit

Hereford commissioners took no action Monday night on a review and possible limiting of the cost of gas pass-through rate allowed in the city.

The matter had been expected to be taken up at the December meeting, but the board delayed, waiting for an answer from Pioneer Gas Company officials to a questionnaire sent to them by city officials in October.

Hereford city manager Dudley Bayne said he expected the issue to be discussed at the next meeting.

"We've given them (Pioneer) ample time to respond," he said. "I think we're just going ahead and turn it over to our attorney and rate consultant and let them work up something to present to the commissioners."

Hereford has been studying the possibility of limiting the percentage of cost of natural gas that can be passed along by the company to the consumer. Presently, Hereford, like other Panhandle cities, allows 100 percent of the cost of gas to be passed along. Canyon city officials are watching Hereford's action with an eye of reviewing the local ordinance.

Richard Haley, 7, got his first deer on a hunting trip Thanksgiving afternoon near Wayside in Palo Duro Canyon. The youngster is the son of Mr. and Mrs. James Haley of 2417 11th Avenue, Canyon and bagged his deer with a 243 rifle at 100 yards.

Empty Stocking Funds Fill Need Year Round

Canyon's Community Family Services Organization is a year-round project to help those in need within the community and receives many applications for "help" — although funds for that help often-times grow slim in the bank accounts of the CCFSO.

Aid to Canyon's needy throughout the year will result as local citizens participate in the current "empty stocking" fund drive of the CCFSO.

Contributions may be deposited at either city bank for that purpose and in ensuing weeks the holiday gifts to the CCFSO will be listed by the news. Donors wishing anonymity may make their deposits in that manner to the Canyon Family Service accounts at either the West Texas State Bank or First National Bank of Canyon.

As in past years the "empty stockings" of the Canyon community will be filled throughout the year as the need arises and comes to the attention of Ron Kershen, CCFSO chairman, other officers or the projects chairman, Carmen Hernandez.

Clubs and organizations desiring to help a special family's needs during the year or at holidays with a "basket of goodies" may contact Mrs. Hernandez for information.

Student First To Give International Paper

Matt Hanson, West Texas State University chemistry major, is the first student of WTSU to present a paper at an international meeting.

The Amarillo junior is presenting a research paper on magneto chemistry at the First Chemical Congress of the North American Continent which will last through Dec. 5 in Mexico City.

Hanson's paper is one of 5,000 presented at the conference, whose theme is "Expanding Frontiers of Science." Five Nobel Prize winners from Mexico, Canada and America will present papers in the fields of medicine, chemistry and physics at the conference, Dr. Gene Carlisle, associate professor of chemistry, said.

The paper deals with the reactions of various compounds in the magnetic field. Some com-

pounds do not react at all, Hanson said.

"This experiment can determine more about the general nature of electrons," he explained.

Magneto chemistry is a 20-year-old field of study with biological applications, Hanson said. "No more than 20 major groups are researching the magnetic field at this time. There

aren't too many applications to industry at this point."

"Dr. Carlisle had worked on this area before. Another group that was also studying had a direct contradiction to us. There was an indication that we were right."

Hanson, who is doing his research on a Robert A. Welch Foundation grant, would like to

Hicks Baby Boy Born In Canyon

Mr. and Mrs. Howard (Randall) Hicks of 204 17th Street, Canyon announce the Nov. 27 birth of a son, Howard Brandon, at Palo Duro Hospital in Canyon.

The baby boy weighed 7 pounds, 9 ounces and measured 20 inches at birth.

Grandparents are Jane Ann Coleman of Canyon Creek Apartments, Canyon, Kenneth Atchley of Dallas and the paternal grandparents are Mr. and Mrs. Roland B. Hicks of 1104 3rd Avenue, Canyon.

get his Ph.D. at Harvard.

Hanson, a Canyon High School graduate, is the son of Mrs. Billie Jo Hanson, 7006 Euclid, Amarillo.

Funeral Rites Conducted For Genieve Alexander, 42

Funeral services were held Tuesday afternoon, Dec. 2, at Schooler Gordon Funeral Chapel in Canyon for Mrs. Genieve Alexander, 42, of 5119 Kirk, Amarillo.

Rev. R. Luther Kirk of Lubbock, a retired United Methodist minister, conducted the funeral services and burial was at the Happy Cemetery. Serving as pallbearers were nephews: Jimmy Gouge, Tommy Gouge, Ronald Hudson, Rickie Hudson, Randy Read and Weldon Read.

Mrs. Alexander had been a resident of Amarillo 21 years after moving there from Happy. She was born June 15, 1933 at Levelland, Tex. and attended elementary and high school at Happy. She was married to Bill Alexander in 1954 at Amarillo and was a member of the Hillcrest Baptist Church of Amarillo.

Survivors include her husband, Bill of the home; a daughter, Mrs. Elizabeth Gale Tennison of Amarillo; a son, Mike of the home; two sisters, Mrs. Vera Gouge of Amarillo and Mrs. Rita Hudson of 2620 12th Avenue, Canyon; four brothers, Cecil Read of 410 4th Street, Canyon, Rev. D.C. Read of Amarillo, and J.W. and Earl Ray Read, both of Gage, Okla.

Master's Day Saturday At BIT Theatre

Buffalo Masquers at West Texas State University will host a workshop for 10 a.m. to 5 p.m. Dec. 6 in the WTSU Branding Iron Theatre.

Tom Swift, an actor, will present a reading from Shakespeare's "Hamlet" at 8 p.m. Dec. 5 in the BIT. Cost for

the performance is \$1.50. Guest of the workshop will be Dr. Edward Wright, who is author of a directing textbook and is a professional dramatic coach. Dr. Wright, who is coach for Hal Holbrook and Swift, is head of the drama department at

Denison University in Granville, Ohio.

He will review plays presented during the day and offer critical notes. James Kemmerling, instructor in speech and theatre, explained.

Amarillo Caprock High School will present "Our Town" by Thornton Wilder at 10 a.m. and will be critiqued by Dr. Wright following the play.

Wayland Baptist College of Plainview will present a reading at 11:30 a.m. followed by a critique and lunch at 12:30.

"Yankee Doodle" will be offered by Boys Ranch at 1:15 p.m., Amarillo High School will present several scenes at 2:30 p.m., Canyon High School will give an impromptu reading at 3:30 p.m. and WTSU will perform "Plaza Suite" at 4:30 p.m.

Performances are open to the public, Kemmerling said.

Umbarger News

BY REBA RAEF
THE CHILDREN, GRAND-CHILDREN and great-grandchildren of Mr. and Mrs. John Batenhorst honored the couple with a family reunion Thanksgiving day in celebration of their 64th wedding anniversary.

The reunion was held in St. Mary's parish hall. Each family brought its dinner and the group played cards and visited in the afternoon. A family picture of the immediate family was made and a lot of individual pictures were made throughout the afternoon.

The children and their spouses present for the occasion were Raymond and Catherine Batenhorst of Canyon; Marie and Jack Vorwald of Scottsdale, Ariz.; Alfreda and Isidore Reinart of Hereford; Laverne Henscheid (Werner was not able to attend) of Grovespring, Missouri; Della and Vincent Friemel; Marcella and Dennis Brandt; Sylvester and Elsie Batenhorst and Leonard and Helen Batenhorst all from Umbarger.

There were 24 grandchildren and 14 great-grandchildren, some 66 in all, present.

MR. AND MRS. Batenhorst and Sylvester and Elsie had returned two weeks ago from Dodge, Nebraska where they visited Mrs. Batenhorst's sister, Mrs. Elizabeth Kampschnieder who was ill.

While they were there, the brothers and sisters and nieces and nephews of Mrs. Batenhorst hosted an anniversary party for them which was held in the Dodge Community Hall.

A niece, Josephine Kampschnieder, baked and decorated a big cake for them and they brought it home with them

and served it at the Thanksgiving party here. It was a most enjoyable and memorable day for the John Batenhorst family.

ST. MARY'S ALTAR Society and Christian Mothers will have their annual Christmas party on Tuesday, December 9th, following their regular meeting which will start at 6:30.

Members are asked to invite someone in our community, who does not belong to the Altar Society as their guest.

Members and guests are also asked to bring a small gift for the gift exchange. Games of bingo will follow the refreshments.

OUR CONGRATULATIONS AND best wishes to Kenneth and Debbie Wiek, whose marriage was solemnized last Saturday in St. Mary's church in Umbarger.

VINCENT AND EVELYN Meyer have returned from a visit with relatives in Oklahoma and Kansas. They left here October 18th and went first to Carmel, Oklahoma.

Evelyn said that it rained on them all the way from Carmel to Paola, Kansas. In Paola, they visited Evelyn's sister and brother-in-law, Mr. and Mrs. Clyde Brooker. They went on to Olathe, to visit one of Vincent's brothers and also visited relatives of both who live in and around Olathe. They then went on to Kansas City and visited more relatives.

When they started home, it was snowing and driving conditions were bad in Kansas, so they decided to come home by way of Oklahoma, thinking they'd miss the snow. They made it as far as Tulsa and the snow got heavy and driving conditions were bad, so they visited some of Vincent's cousins for three days before the weather was nice enough to travel again.

They arrived back in Umbarger last Friday, just in time to welcome the "big blow" on Saturday.

SEVERAL FORMER UMBARGER students came back for the Canyon High School class reunion of 1965, which was held in Amarillo last weekend. Here for the event were Jim and Carolyn Wiek, from Hartley and Greg and Dianna Stork from Gruver, Marion and Suzy Hicks from Umbarger also attended.

WE WOULD LIKE to extend our deepest sympathy to Mrs. John Batenhorst, whose sister, Elizabeth Kampschnieder of Dodge, Nebraska, died last week.

MR. AND MRS. Jack Brandt had their parents, Mrs. Emma Brandt and Mr. and Mrs. Henry Bracht as guests for Thanksgiving dinner. Also home for the holidays were Mr. and Mrs. Dwight Brandt. Dwight is a student at Texas A&M University.

WE HAVE CHRISTMAS cards from the Altar Society, in our store, so if you need cards, drop by and pick them up.

BERNARD AND BARBARA Hartman and children spent Thanksgiving with Elmer and Alta May Hartman and family, who live near Happy.

LEE HASCHKE is recuperating at his home after

Band Society

Picks Garner

Dr. Gary Garner, professor of music and director of the West Texas State University bands, has been selected for membership to American Bandmasters, a national band directors fraternity. The fraternity hosts an annual convention. Next year's meeting will be in Tucson, Ariz. in February.

As one of 10 flute consultants in the country for Armstrong Flute Company, Dr. Garner will edit flute solos published by the company and record them along with written critical notes.

Dr. Garner has played the flute for over 30 years and has recorded two albums of contest solos for Stockdale Associates Company. He has played with several orchestras in the country.

European Tour Open To Canyon Students

Canyon high school and junior high students will get a chance to travel for 28 days in Europe this summer on a tour sponsored by PESO.

Professor and Mrs. John T. Reeves of Canyon, along with Hobart McDonald, PESO director of instructional services, are administrators of the tour, which will be conducted under the auspices of the Foreign Study League, Inc.

The group, which will include youngsters from throughout the Panhandle, will leave Denver on July 11, traveling to London, Amsterdam, Paris, Zurich, Florence, Rome and Madrid and will return to Denver on Aug. 7. Cost of the tour is \$1,455.

Several orientation sessions will be held prior to departure, Mrs. Reeves said, to help students get the most benefit possible from the tour. High school credit in the humanities will be given if the school district approves, she said.

No more than 48 students and

advisors will be accepted, she said. Youngsters who have finished grades 7 through 12 or the freshman year of college are eligible, plus several advisors from the area.

This is the second year a local group has taken the tour, Mrs. Reeves said, and the first year it has been sponsored by PESO. Last year, in addition to the Reeves, area students included David Green, Bruce Kennedy, Louanne Irwin, Becky Wallace, Brenda Wilson, Elizabeth Wheeler, Anne Reeves, Christi Prichard, Gail Albracht, and Sara Hard from Canyon, Ronnie Jackson and Beverly Dowd from Happy and Vicki Lawlis from WTSU.

Let us CAN your gift

with CAN-O-CASH®

We'll seal any money or small gift you bring us in this brightly labeled Christmas Can-O-Cash. It is then ready for giving... as it even includes a "to and from" area on the label. Can-O-Cash reveals its contents only after it is opened with a can opener.

Can-O-Cash is not only fun, it's practical, too. The opened can then converts into a year 'round savings bank with its own slotted lid.

We charge 50¢ per can for this service... and then we'll donate that money to Canyon Community Family Service's "Empty Stocking Fund."

We think that's a nice way to say Merry Christmas, to both you... and the "Empty Stocking Fund."

SPRY Luncheon Set Next Week
Christmas luncheon for the

SPRY Club has been scheduled for 12 o'clock noon on Thursday, Dec. 11, at the fellowship hall of the First United Methodist Church in Canyon.

Rev. Jim Hancock, pastor of the First Baptist Church, will conduct the devotional program for the non-denominational gathering of local residents aged 60 and above.

Games and fellowship will follow the luncheon and devotion al.

Million. . .

(Continued from Page 1)

provements a little bit at a time as needed rather than to sit dormant for 10 years and then realize that improvements are needed and that no funds have accumulated over the years."

It is Metcalf's belief in the need for improvements that prompted both the policy review and a study now going on in city hall to raise water, sewer and sanitation rates.

"We've got to look ahead," he said. "We've got to explore."

He proposes to finance the expansion projects piecemeal out of water and sewer revenues.

"By doing it a little at a time, we can spend some each year," Metcalf said. "Let the additional revenue, if there is any additional go back into the system for improvements. This way will prevent a future major bond issue."

Metcalf said the present study of rate changes will take into consideration the revenues needed to finance projects over the next 10 years. He said rate projections, however, aren't finished.

In addition, Metcalf is proposing to take money now used to participate in development costs and use it instead for capital improvements.

The immediate cause for discussion is the city's share of a \$25,000 sewer lift that will be needed in Hunsley Hills and which would cost the city about \$12,000.

Two weeks ago, Metcalf recommended to the city commissioners that Canyon stop participating in the installation of sewer lifts and this blossomed into a review of both sewer lifts and paving of intersections. The

Backers. . .

(Continued from Page 1)

phone Co.

Other donations, all under \$50 each, totalled \$545.74.

Expenditures of the committee so far, total \$1008.37, with the bulk of the funds going to the Canyon Independent School District for postage and supplies. That payment is for \$466.41. In addition, payments are made from the contributions to The Canyon News for about \$290 for advertisements; and to Vondean McGregor, elementary curriculum coordinator, for \$30 supplies; and to Mrs. Ruth Holladay, for \$219 for supplies.

While Collins failed to file a timely report Tuesday on expenditures and contributions, Canyon News records indicate his committee has spent about \$280 so far on advertising.

A new state law requires that the statements be filed seven days before the election, which is set next Tuesday here.

Civil and criminal penalties are outlined in the law for failure to file.

Holding. . .

(Continued from Page 1)

partment heads.

Malzahn explained that student evaluations alone might not make up the total 75 per cent figure in determining that portion of teaching effectiveness, but that individual instructors might choose to have peer evaluations and ex-student evaluations included along with student evaluations for consideration by the tenure and promotion committee.

Several council members, after hearing Malzahn's presentation Monday, expressed discontent with student evaluations in general and with the weighting formula in particular.

Bob Muir, an economics professor, said the tenure and promotion committee vote still gives faculty members no assurance that peer evaluations and ex-student evaluations will be given any consideration by committee members in determining a faculty member's teaching effectiveness.

Muir also charged that the committee's action places to

Deal. . .

(Continued from Page 1)

\$200,000, all of which must be raised by local taxes.

Jacobs said the state legislature passed a new law last spring which mandates higher local participation in financing education and that inflation can also be expected to rise.

He explained that operating expenses will rise by about two per cent in four years if two new schools are built here for 4000 students.

In response to another question, this one about the curriculum planned for the new elementary school, Jacobs said only that the school would be flexible and adaptable to a traditional curriculum or to a more open approach.

But, he said, it appears the school will be opened with the more traditional approach being used.

The school board plans to issue \$6 million in bonds to cover the cost of construction of two new schools in the north part of the district, a new elementary school and a new high school, if the electorate Tuesday gives a yes vote on the question.

much weight on a form of evaluation which at best is questionable.

Henry Moreland of the industrial education department complained that the 75 per cent figure is still too nebulous and not specific enough to give faculty members sole assurance the committee's procedure in identifying those who should or should not be promoted is not arbitrary.

Several council members were also concerned that the tenure and promotion committee had not yet taken action on several other recommendations made by the council.

Following the discussion on the issue, Shelly called for a vote on his motion that the holding action be called off, but only four other council members joined him in an affirmative vote.

"The motion did not pass," Shelly said. "Do you want to tell Ray something of why we can't support the 75 per cent?"

Those who voted against the motion generally complained that the 75 per cent figure lacked specificity and definition in terms of how much weight would be given the student evaluations.

Athletics. . .

(Continued from Page 1)

with revenues totalling \$432,245 and expenditures totalling \$734,729.

The deficit dropped substantially for 1971-72 with revenues totalling \$457,862 and expenditures totalling \$643,490. In 1972-73, revenues were \$432,938 and expenditures were \$630,265. In 1973-74, revenues were \$483,990 and expenditures were \$650,385.

Last year, the athletics program had a deficit of \$153,948 with revenues running at \$556,422 and expenditures totalling \$710,370.

An amended 1975-76 athletic budget, one which Business Manager Clarence E. Thompson said is the results of cuts by Athletic Director Gene Mayfield, calls for a deficit this year in the program of \$153,655. Income for this year is projected to be \$525,051 and expenditures are expected to total \$678,706.

The figures do not include debt retirement requirements, which for 1975-76 will total about \$25,000.

Besides the fiscal report from Miller, regents will also hear from several groups and individuals concerned with the athletic program at the university.

Canyon Chamber of Commerce directors voted Monday night to present a brief position paper to the board urging that athletics be retained at WTSU at current levels with membership in the MVC and NCAA. A paper approved by the chamber directors pledges individual support for the program.

The Amarillo Chamber of Commerce is expected to make a similar presentation and pledge.

Members of the WTSU Athletic Committee decided Monday not to issue a recommendation to the regents on the financing of

for animals."

While Brown feels that interpretation from the hand of Bullock himself should aid the co-op in its hearing appeal.

But, he complains of another portion of the Bullock press release which states that repair and replacement parts for farm machinery and equipment is exempt from sales taxes only if the parts are specifically designed for the machine being repaired.

Brown contends that is an interpretation which cannot be concluded from the law on the subject.

Co-op. . .

But, he complains of another portion of the Bullock press release which states that repair and replacement parts for farm machinery and equipment is exempt from sales taxes only if the parts are specifically designed for the machine being repaired.

Brown contends that is an interpretation which cannot be concluded from the law on the subject.

Friends Set Lunch

Canyon "Friends" of the Library will have an executive board meeting at noon today, Dec. 4, at the Yum Yum Tree Restaurant in Canyon.

The executive board meeting is to include planning and discussion on projects for the coming year. All members of the "Friends" and other residents interested in the progress of the city library are invited to the meeting which will be included with a dutch luncheon at noon.

New York Bond Pledge Rouses County

Canyon First National Bank has pledged \$20,000 in New York City sewage treatment bonds to secure deposits made by Randall County and city commissioners hesitated only slightly Monday before accepting the pledge.

Two commissioners abstained from voting in favor of allowing the bonds to be used as security for county deposits in the bank, but later changed their vote to one favorable to the proposal.

"I think we should reject it," Commissioner John Fulgenzi told commissioners after Deputy County Clerk Christina Davis presented the securities.

"They're alright," Commissioner Jim Fletcher said. "I have confidence in our bank."

Fletcher contended the use of New York City bonds to secure Randall County deposits would have no impact on the county whatsoever.

"Yeh," Fulgenzi retorted, "but we might get some publicity if we turn them down."

Fletcher and Commissioner Paul Lindsey voted to approve the bank's proposal, and initially Fulgenzi and Commissioner

Dee Griffin abstained from a vote on the issue.

Only minutes later, however, they withdrew their abstentions and voted yet on the measure.

The bonds are to mature in March 1978, Mrs. Davis told commissioners.

Commissioners handled their routine Monday agenda in less than an hour Monday, with the following decisions:

* The hiring of James R. Nuss-

baum, 29, of Amarillo as janitor for the South Amarillo courthouse annex at a monthly salary of \$500.

* The hiring of Johnny Miller of Canyon as janitor in the Randall County courthouse here.

* Approved the purchase of 4000 feet of galvanized pipe from Texas Pipe and Steel Works of Amarillo at a cost of \$76.19 per 100 feet. The firm was low bidder for the offer.

* Heard a letter from Sen. John Tower thanking Fletcher and Griffin for their recent visit to Washington along with about 1000 other county officials to lobby for the extension of federal revenue sharing. Tower pledged his support to efforts to continue revenue sharing, which has meant about \$1 million to the City of Canyon and Randall County.

Chamber. . .

(Continued from Page 1)

financial support to the program.

Huddleston in support of his statement told board members the university will need to raise about \$200,000 each year from outside sources.

"It's got to be a long-term commitment," he said. "It can't be for just one year."

Reggie Reeves, chamber director, said "I can't imagine with a good concerted effort there aren't 1000 people in the entire area who wouldn't be willing to give \$100 each a year."

Former Chamber President and newly-elected director John Childs said the problem with the athletic program is not necessarily one of getting Canyon community support for financing.

"The problem is Amarillo getting behind WTSU," he said. "Not just in athletics but in the whole area. Amarillo has not come down and really supported WTSU."

In other business Monday night directors passed unanimously a resolution urging Canyon School District voters to go to the polls Tuesday when ballots will be cast for or against the issuance of \$6 million in bonds to finance construction of two new schools.

The directors' resolution urges only that local residents "vote their conscience" on the issue.

Directors also worried over acquisition of a speaker for their 1976 chamber of commerce banquet, which is generally held in the first three months of each year.

Price noted that Ronald Rea-

gan, who had been formally invited to speak has declined the invitation because of his announcement to run for President under the Republican banner.

Other names mentioned by directors for speaker included Justin Wilson, Jerry Clower, Heartsill Wilson, and others.

Directors were to individually contact Huddleston with names of possible speakers and Huddleston was to attempt to invite

one among the list who could come next spring.

Johnston, who will be formally installed as president of the chamber at the banquet, served as president of the Childress Chamber of Commerce before coming to Canyon about two years ago.

University Sets Review

Representatives of the Coordinating Board, Texas College and University System were on the West Texas State University campus Tuesday to review the role and scope of the university.

Dr. Ray Malzahn, academic vice president, said he was pleased with the presentation made by Dr. Ronald Huffstutler, assistant academic vice president, to the coordinating board staff members.

The reviewing team met during the day with Malzahn, Huffstutler and President Lloyd I. Watkins.

Malzahn said the visiting team's report to the Coordinating Board will have far-reaching implications on the university when it submits new programs or concepts for Coordinating Board approval in the future.

The board itself will later approve the role and scope statements as submitted by the staff upon recommendation of the visiting team.

two years.

In addition, he said, coaches will be required to report quarterly to the athletic committee on recruiting activities.

At the close of the two-year probationary period, the committee will review the recruiting practices and make a further recommendation to Watkins, he said.

NCAA and MVC allegations revealed two weeks ago by the university charged that the university coaches used improper inducements to seek a prospect, and provided improper transportation and entertainment for the prospect.

Following announcement of the allegations, an Amarillo businessman, Max Banks, told newsmen he was responsible for the violations because he offered a Detroit recruit and his wife a job at his firm and also entertained them in Detroit.

The prospect has since gone to Kentucky to play basketball.

"I'd rather explain higher gas bills than why you don't have gas."

Your natural gas bill is higher. And, you have every right to know why.

One reason is lower temperatures brought on by winter.

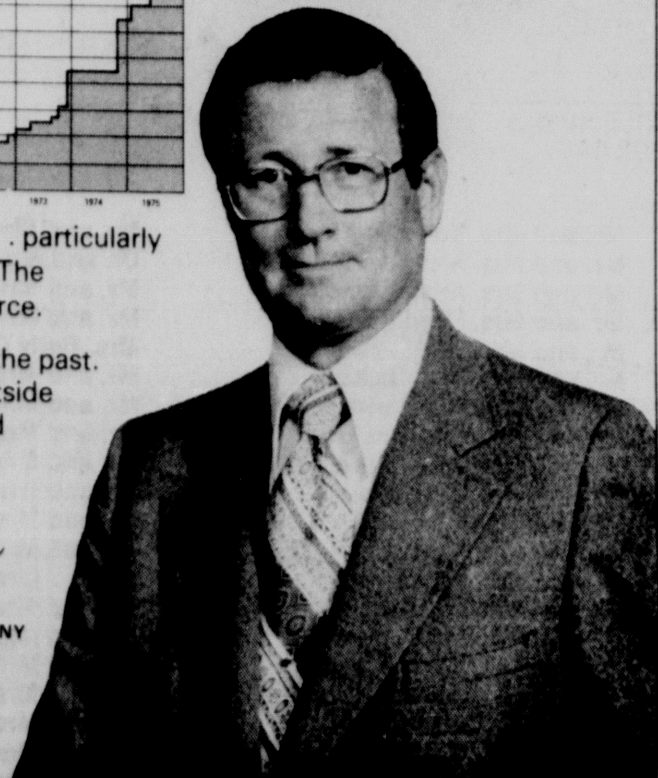

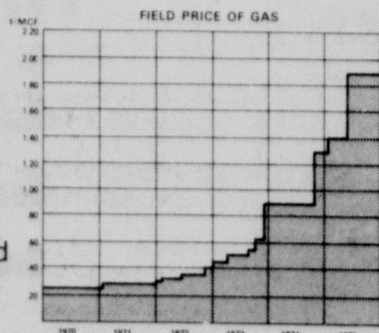

The main reason, however, is simply that you are paying more for natural gas. Because we are paying more. This chart shows how much:

This increase hurts both you and Pioneer. It adds to your bill and to our cost . . . a cost for which Pioneer is not entirely compensated. It is passed through without mark-up or additional charges.

Why does gas cost more? Competition . . . particularly from petrochemical and other industries. The competition for gas has never been so fierce.

We will have to pay more for gas than in the past. But by working together, and without outside interference, you'll have the gas you need today and in the future.

Junior Girl Scout Troop 148 of Canyon held their first campout the weekend of Nov. 15-16 at Camp Kiwanis with a variety of training activities involved. In photos from left—Sue McCright, leader, helped the girls set up their campfire and Marilyn Maynard, leader, helped the girls to fish out the eggshells while in final photo, Theresa Skinner, a senior scout from Amarillo, gave the girls information on using the dunker bag for rinsing dishes at camp. Other adult leaders assisting with the outing were Evelyn Kopczynski, Wanda Woolsey and Norita Finney. Scouts involved in the outing were Wendy Maynard, Sheri Jenkins, Valerie Fischbacher, Tara Tankersley, Jo Ann Finney, Jennifer Dolle, Joni Kay Cranmer, Ruth Dickerson, Angie Shehan, Lesley Smith, Devra Kopczynski, Lisa Sando, Michelle Callahan, Annet Waxler, Joni Woolsey, and Paula Kay Morris. Troop member, Jenny Reeves, was unable to attend.

Jack

Entrance Exam Scores At WTSU Are Increasing

Although national scores for American College Testing and Scholastic Aptitude Testing college entrance examinations are decreasing, scores at West Texas State University are increasing, according to Dr. Kenneth Waugh, director of the Testing and Counseling Center. Dr. Waugh took standard scores for WTSU students for 1967 through 1969 and 1973 through 1975 and found that WTSU students are also scoring higher now than they did six years ago.

A group from the national College Board is studying reasons for the drop in national standard scores, Dr. Waugh said. "It could be the tests themselves, the instructional programs or the people taking the tests among other reasons," he said. "We just don't know."

Men's scores at WTSU have increased and Dr. Waugh explained that a reason could be increased interest in education due to the Vietnam War.

"This really isn't a significant reason because there has also been an increase in women's scores."

In 1967 through 1969, women scored higher than men in English, but men outscored women students in the tests in mathematics, social studies and natural sciences.

Women's scores did increase in 1973 through 1975 over six years

ago, although they still did not outrank men's scores in all subjects but English.

Composite scores for 1967 through 1969 and 1973 through 1975 stayed the same for English, increased in mathematics and natural sciences and decreased in social studies.

Composite scores have remained above those on national average standard

scores in the same areas for the same tests.

Scores at WTSU in the natural sciences on the tests are above

the national norm, Dr. Waugh said.

Entrance Test Workshop Set

A College Entrance Examination Board regional workshop will be held at the West Texas State University Activities Center Dec. 4.

The workshop, hosted by WTSU, is for area high school counselors and representatives from junior and senior colleges, according to Dr. Kenneth Waugh, director of the WTSU Center for Testing, Academic and Career Counseling.

"We will discuss college admission testing and admission problems that students have," Waugh said. "And we also will answer questions on financial aid."

The workshop is scheduled to last from 9 a.m. to 2:30 p.m.

VOTE YES ON DEC. 9TH

We, As Residents Of The Gene Howe Area Of The Canyon Independent School District,
Urge You To Vote YES For The Bond Issue On December 9th.

We Ask You To Carefully Consider The Following Facts:

- The Gene Howe Area Provides 41.03% Of The CISD Tax Revenue.
- No Area Can Be Forced To Leave A School District Without The Consent Of The Residents In That Area. We In The Gene Howe Area Support Our Schools And Choose To Remain In The CISD.
- Our School Board Has Proven That It Is Primarily Interested In The Welfare Of All Of Our Children.
- Our Schools Are Overcrowded Now.

State Funds Set For Hunsley Road

An additional \$375,000 to build an extension of Hunsley Road in Randall County has been set aside in the 1975 Texas Farm to Market and Off-Federal System Roads Program, approved Wednesday by the State Highway and Public Transportation Commission, said A. L. "Al" McKee, Amarillo District Engineer. Farm to Market Road 3331 will

be constructed from FM 1541 (Washington Street) one mile north of Texas 217 west a distance of approximately 4 miles to U.S. 60 & 87. The 1974 Farm to Market Road Program authorized this project that includes paving the portion of roadway that now has a graded dirt surface and construction of a portion (.4 of a mile)

where no road now exists. The FM 3331 project will also include construction of an interchange of Hunsley Road with Interstate 27. The interchange, similar to those between Amarillo and Canyon, will cost an estimated \$435,000 which will be funded from the 1975-76 Urban System Program. Plans for the project are near-

ing completion. The 1975 Texas Farm to Market and Off-Federal System Roads Program combines the projects formed around suggestions made by county officials in meetings with department district engineers, such as A.L. McKee, for additions to the farm and ranch to market network. Most projects are for the

development of routes previously under county or other local jurisdiction. Texas' FM/RM system has been called the world's best secondary road network. The 1975 program authorizes development of 582.5 miles of secondary roads at a cost of \$38.1 million.

Under the familiar FM Road Program, the state provides for all the construction and maintenance while counties provide right of way and utility adjustments.

The new Off-Federal System Program will use federal funds on a 70 per cent federal-30 per cent state basis as provided by the 1974 Federal-Aid Highway Act. The "Off-Federal System" designation refers to routes not on the federal-aid highway system.

Most developed roads will be designated and signed as FM or RM roads. In a few cases statewide, counties have chosen to provide a 30 per cent local matching share for projects that are not on the state highway system and are not logical extensions or additions to the system.

In all, the projects provide for 299.8 miles of new FM/RM designation including 203 miles which are rural mail routes. Of the 299.8 miles, 194.2 miles are school bus routes.

Public Transportation Survey Begins

"There are people too young to drive, people too old to drive, people too poor to drive and handicapped people who can't drive." "Churches, schools, bus and taxicab companies, various charitable and other organizations assist a great deal in providing transportation facilities to those residents of the community unable to drive," claims Ed A. Timmons.

And, yet, collective information concerning this aspect of public transportation in the Texas Panhandle and statewide is not available.

So, the State Department of Highways and Public Transportation is conducting a public transportation inventory, according to Timmons, Supervising Planning Engineer in the Amarillo District.

As part of that effort survey information is to have been sent to Canyon churches, schools and other groups to determine how many buses are used in the city to transport people.

In June 1975 when the Texas Highway Department became the State Department of Highways and Public Transportation the 64th Legislature charged the revised department with the responsibility of developing a comprehensive master plan for public and mass transportation development in Texas, Timmons said.

In order to develop the master plan a complete inventory of buses, vans, taxis is necessary. Results of the inventory will be utilized to develop the public transportation master plan. The inventory, which involves

three types of questionnaires, has been mailed to churches, schools, bus and cab companies, YMCA, YWCA, etc. in the 17-county area of the Amarillo District.

Besides revealing the number of buses, vans, taxis used as public transportation vehicles the inventory will disclose the principal purpose and activities of the various organizations and their individual transportation systems. Other data pertinent to public transportation planning will be available from the questionnaires.

The church bus transportation inventory asks if the church transports persons to religious services, are the elderly and poor transported to needed medical services in the church bus, the number and type of vehicles used to operate the transportation system.

Schools, both public and private Panhandle institutions, are asked in the school bus transportation inventory to respond to questions about student totals, grades served, hours the transportation system is in operation, etc.

Chris Gerald's Have Baby Girl

Mr. and Mrs. Chris Gerald announce the November 14 birth of a daughter, Clessie Nora, at Northwest Texas Hospital in Amarillo.

The baby girl weighed 8 pounds, 9 1/2 ounces and measured 22 inches at birth. She has an older sister, Heather, age 2. The father is self-employed with Lighthouse Service Company.

Grandparents are Mr. and Mrs. Charles Gerald of Canyon and Mr. and Mrs. Gerald Vaughn of Pampa. Great grandparents are Mr. and Mrs. Tom Gerald of Canyon and Mrs. Frank Murrell of Borger.

Address Corrected

Bobby Rex Griffin, whose address was given on police records as 1421 Creekmore in The Sunday News last week, no longer lives at that address. Police records were changed this week to show his address as 2311 5th Avenue.

Voice Senior Has Recital

Tony Spann, Plainview senior, will be presented in a voice recital at 4 p.m. Monday in the West Texas State University Branding Iron Theatre.

Selections include Mendelssohn's "Elijah," "avant de Quitter Ces Lieux," "Gounod," three songs by Schubert and four English songs.

He will be accompanied by Raenell McDonough, Amarillo graduate student.

Spann, a music education major, is a student of Elsa Porter, assistant professor of music.

He is the son of Mr. and Mrs. Myrle Spann.

Medieval Music For Seminar

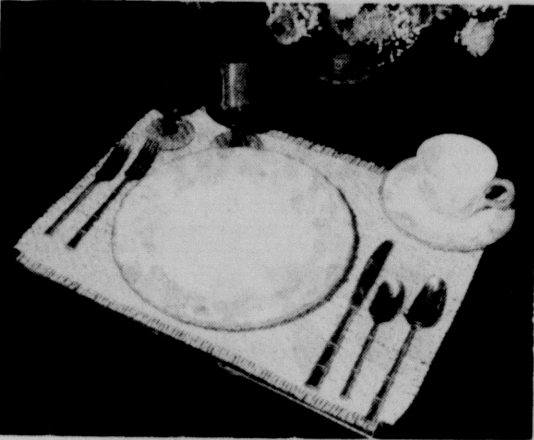

Medieval music and old French Christmas carols will be presented at West Texas State University's third Interdepartmental Seminar Dec. 4 at the United Campus Ministry on Fourth Ave. in Canyon.

Preceding the Collegium Musicum performance of medieval music at 6:30 p.m. will be a happy hour at 6. A buffet dinner will follow with a special appearance by Saint Nicklaus.

The Alliance Francaise and the WTSU Modern Languages Department will present old French Christmas carols after dinner.

Interested individuals are invited to attend.

Happy News

Before You Cheer The Cowboys, Come Eat Pancakes With The Lions

BY MARY NEAL HENRY

HAPPY LIONS ARE having a Pancake Supper on Tuesday, Dec. 9, in the Happy School Cafeteria. They will begin serving pancakes at 5:30 p.m. and serve until about nine. Proceeds will be donated to Girlstown, USA.

Happy's basketball teams will be playing Kress that evening, so come on out and eat pancakes and enjoy the ball game. Or at least support your community by coming out and eating pancakes.

MR. AND MRS. J.L. Oler are celebrating their 50th wedding anniversary on Sunday afternoon Dec. 7, in Fellowship Hall of the First Baptist Church at Happy.

They will be receiving guests from 2 until 5. Their children are hosting the reception. Everyone is invited to attend the happy occasion.

MR. AND MRS. Alden Mann are also celebrating their 50th wedding anniversary on Sunday afternoon, Dec. 7, in the Clyde Hancock home from two to four o'clock in the afternoon. Nieces and nephews are hosting this reception.

HAPPY COWBELLES will hold their annual CowBelle Christmas Dinner and Party on Saturday, Dec. 6, at 7 p.m. in the High School Cafeteria. Come and bring a covered dish.

DONNIE VENHAUS, FIFTH grade son of Mr. and Mrs. Lloyd Venhaus, won the essay contest sponsored by Happy CowBelles during National Farm-City Week, November 17 through 21.

This highly regarded title is given only to those Society members with years of experience who through practical work and thorough examination have demonstrated expert knowledge, competency, and high ethical standards in professional rural appraisal.

Marshall is now entitled to use the initials A.R.A. which identify him as a qualified expert in this field. Since the inception of the Accrediting Program in 1937, the American Society has conferred

the A.R.A. title only 464 times. The American Society, which was established in 1929, now has approximately 1,900 members throughout the United States, Canada and in foreign countries. The Society's national office is located in Denver, Colo.

The American Society of Farm Managers and Rural Appraisers, the national organization of the farm management and rural appraisal professions, awarded the title of Accredited Rural Appraiser to Douglas Marshall of Route 2, Canyon, Tex. at its annual meeting in Dallas on December 1st.

Forty states participated. In some areas urban business men spent the entire day in the country in order to better understand the working day in the field of agriculture. The man in agriculture then reciprocated by spending the day in the business man's office in the city.

Happy CowBelles sponsored the essay contest in the fourth, fifth and sixth grades of Happy Elementary School. The title was "Agriculture is..." with the student completing the title and writing the essay in fifty to one hundred words.

Prizes were awarded on Wednesday afternoon, November 26, by Happy CowBelle president, Mrs. Lonnie Todd. Judges for the contest were Mrs. Melton McGehee, Mrs. Earl Reynolds, and Mrs. George Edmonds.

Donnie won a check for \$5 and a set of Bicentennial Money. Second place went to fourth grader Vicki Todd. She received a check for \$3 and a bicentennial silver dollar. Third place went to Cary Greenfield who is in the sixth grade. Cary won a check for \$2 and a bicentennial silver dollar.

The title of Donnie's essay was "Agriculture is Important." And he proceeded to tell very accurately why... something we have been trying to explain to the consumers (or so called consumers — we all are, really) since 1973.

Here is Donnie's essay: "Some people think Agriculture isn't important, but it is very important. Agriculture is farming, ranching, and growing fruit and vegetables. If the farmers quit farming and the ranchers quit raising cattle, the people in America and overseas would run out of food and many would die. A farmer raises corn, milo and

wheat for the rancher to feed his cattle, and cattle are sold to be slaughtered for meat. Some farmers raise chickens, pigs, sheep, vegetables, and fruit. All of these products are important for the world to survive."

We thank Mr. Brotherton and the teachers of these grades for their cooperation.

THE W. T. Robinsons have been in Houston for the past several days.

Mrs. G.L. (Pearl) Miller has been a patient in the osteopathic hospital in Amarillo for several days because of ulcers.

Ottie Edmonds has been hospitalized for tests.

Steve Cole, Jr. was hospitalized for a few days last week when he received a poisonous spider bite.

HAPPY JAYCEE-ETTES will hold their annual Tasting Tea and Home Tour on Friday, Dec. 12, in the homes of Mrs. Clovis Vernon and Mrs. Harold Eakes. The Tasting Tea will be in the Vernon home and the Bake Sale in the Eakes home.

Jaycee-ettes are selling tickets or they may be purchased at the door from 2:30 to 4:30 on Dec. 12th. Each guest will receive a recipe book and some lucky guests will receive door prizes. Please make plans now to attend.

HAPPY COWBOYS BEAT the Hart basketball team 48 to 41 on Tuesday evening at Happy. Cowgirls lost 45 to 64 as did the 'B' team boys 38 to 40.

Mr. and Mrs. Weldon Jones, formerly of Happy, were among the Hart spectators who came to Happy for the ballgames.

SKIP AND LARRY Simons left Tuesday of last week for "home" and to attend Larry's aunt's funeral in Raton, N.M. They planned to spend the rest of the Thanksgiving holidays in Trinidad with their folks, the Simons and the Murphys.

OUR WHOLE FAMILY was home for Thanksgiving and we had two guests, Mother from Amarillo and Gail Bird from Lubbock. It was a most pleasant holiday.

DOTTY FOSTER and her Lissa, Dayna, Kim and Kelly spent Thanksgiving in Guymon, Oklahoma with Dotty's parents, Mr. and Mrs. Henry Bachman.

Dotty's nephews Steve and Lin Gaylord joined them after having dinner with their mother and family in Elkhart, Kansas.

SUEZETTE AND C.R. Wesley spent Thanksgiving with Pauline and Woodrow Wesley. Pauline has just returned from a trip to Calif. and Portland, Ore. In Portland she visited with her sister, Mattie.

NANCY SMITH SPENT Thanksgiving in Happy with her parents. Lena has been quite ill. The family also visited Grandma Forbus in La Casa Rest Home in Canyon.

MR. AND MRS. Jack Caddell ate Thanksgiving dinner with next door neighbors, the Reggie Johnson family.

LINDA AND BOB McDonald and family joined Jean and R.A. Partlow in Tulsa at Jetie and Amos Ratjen's home for Thanksgiving. Joan and Reed McDonald were in Amarillo on Thanksgiving and then traveled to Yukon, Okla. to be with their daughter and son-in-law, Debbie and John Maroney.

VERA AND BILL Eubanks traveled to El Paso to be with relatives (sisters and brothers) during the Thanksgiving holidays.

THE ALVIN MOUDY family took their Thanksgiving dinner to the home of Mr. and Mrs. R.T. Moudy, Sr.

FAY AND JO Hand and their Jim, Andy and Connie and David Kirch were guests of Doris Gilham's in Canyon. Beverly and Evelyn Dowd also ate Thanksgiving dinner there. The Hand family visited George and Marion Hand and Frances and Doyal McCauston out on McCormick road later in the day.

THE WHITE THANKSGIVING was held at the George Penn home at Ralph Switch. Gracie and Frank Tiley, George

Had a party? Or giving one? Tell The Canyon News about it. Telephone 655-7121, or stop by the News office on the south side of the square.

Going somewhere? Or been? The Canyon News wants to know about it — and so do its readers.

and Sara Tiley and their Jim and Laura, Judy and Gene Shipman and their Raphe and Mandi, George and Louise White, Alice and Bill Penn, Charlotte and Romana Weaver, David and Kay Penn and their twins, of Amarillo, Kathryn and Patsy Noel of Lubbock, and Debbie and Rickey and "Little" Rickey were guests of George and Sue and their Brenda, Shirley and Darren.

JEANNE AND RONNIE Johnson and their Jay Wade and Roxie traveled to Ft. Towson, Okla. to be the guests of Dick and Dee Zachary and their family.

THE LLOYD VENHAUS family had 45 members of the Venhaus family in their home for Thanksgiving Day.

MR. AND MRS. Elzo Guests had a family Thanksgiving dinner which included Clara Magness, Livia Davis, Don and Mary Ann Magness and their Deborah, Dennis Bell, Phil and Jody Magness and their Aletha, Terra Wooten, C.D. (Punk) and Mildred Zachary from Hugo, Okla., Bill and Fern Guest of Mont Belvieu, Ralph and Catherine Guest of Adrian, Jerry and Barbara Guest and children of Dalhart, Alice and Cliff Neil of Amarillo, Delores Thompson of New Orleans and Karen Barbers

of Houston.

DICK AND PHYLLIS Ratjen entertained Dora Ratjen, Bob and Betty Whelchel and their family, and LaVonne Kirk and sons, Mike and Tim of Friona (Phyllis' sister) on Thanksgiving Day.

OTHELLA AND MELTON McGehee traveled to Tucumcari, N.M., to celebrate Thanksgiving with the family at Sarah Beth and Jack Louder's there.

MR. AND MRS. George Denny recently traveled to San Antonio to visit Thelma's sister, Beatrice, there.

COLLEEN AND MELVIN Schaeffer and Henry Hamblen are attending the Farm Bureau Convention this week.

THE CORLISS CURRYS were in Happy for the first part of this week.

JUNIOR FHA GIRLS made a giant bubble with a fan inside for the Kindergarten class. The children may play inside the bubble.

THE WOMAN'S STUDY Club met Tuesday afternoon with Mrs. Dora Ratjen and Mrs. Clyde Hancock as hostesses. The roll call was answered

with "How Do Friends Influence My Life?"

Mrs. A.C. Miller, Federation Counselor, gave a federation report.

Mrs. Dimon Elliott, Friendship counselor, presented the program beginning with "Living the Friendly Way." Each member brought a gift given them by a friend and told about the gift. The club sent Christmas cards to club friends.

MRS. GENIEVEE ALEXANDER, 42, of 5119 Kirk, died Saturday at her home in Amarillo. Genievee had lived in Amarillo since moving there from Happy. She attended school in Happy with the class of 1951.

Genievee was a member of Hillcrest Baptist Church in Amarillo. She married Bill Alexander in 1954 in Amarillo. Funeral services were Tuesday afternoon in Schooler-Gordon Funeral Chapel in Canyon and burial was in the Happy Cemetery.

Survivors include a daughter, Mrs. Elizabeth Gale Tension of Amarillo; a son, Mike of the home; two sisters, Mrs. Vera Gouge of Amarillo and Mrs. Nita Hudson of Canyon, four brothers, Cecil Read of Canyon, the Rev. D.C. Read of Amarillo; and J. W. and Earl Ray Read, both of Gage, Okla.

Our sympathy to the whole

family.

ON MONDAY WE had a visitor in our back yard, a road runner. He flew to the top of the tank and from there several yards out toward the hay stack. I have never seen one fly high — only low over the ground.

Tuesday morning at Othella McGehee's, a roadrunner walked right by me while I was standing at the car with the door opened. He just looked at me and passed within five feet of me. Then he hopped up on the yard fence, not over fifteen feet from Othella who was standing in the gate. And then Mr. Roadrunner hopped up into the pine tree. We left him there.

SATURDAY WAS EXTREMELY windy. Gusts blew from sixty to eighty miles an hour. A dead tree blew down in the Buzzby's yard. Fortunately, it didn't reach anything that it could destroy except part of the yard fence. We only had a few dog bowls to retrieve at our house.

THE DEMONSTRATION BY H.R. is today in the School cafeteria at 2:30 p.m. The program is being sponsored by the Young Homemakers and the Arney Club. See you there! Have a good day!

EQUIPMENT for mountain rescue work is demonstrated at WTSU this week by members of the Army's Medical Rescue Team from Ft. Carson. Team members Mike Sciorra (left) and Roger Harris showed several climbing and rappelling techniques on the face of the Old Administration Building and explained the work of the rescue team, one of only two such units in the Army.

Athletic Committee Hears Money Report But Declines Recommendation To Regents

Members of the West Texas State University Athletic Committee heard reports on the financial condition of athletics from President Lloyd Watkins and Athletic Director Gene Mayfield Monday, but decided to make no recommendation to the WTSU board of regents on the matter.

Regents meet Friday at 1:30 p.m. to discuss the financial status of athletics.

Committee members, who come from the faculty and administration, decided they didn't have enough information on the fiscal operation of the program to make a recommendation to regents.

Watkins outlined the current situation and the need for review of the financial stability of athletics.

"The point of all this is we have a problem and I think the least honest thing to do would be to act as though we didn't and put our heads in the sand," he said. "I

can't believe it would be fair to the university or to Gene Mayfield or the young men and women in our intercollegiate athletics program."

While Watkins said he feels there has been "a great deal of quasi-hysteria surrounding this," he said the furor of late should serve to tell citizens of the area the athletics program is on fragile and vulnerable financial footing.

"I regret I have been made the arch-villain who has precipitated the problem," Watkins said. "I'm not the one. The problem is there and will be there in spite of who is president or athletic director or faculty representative."

Mayfield told the committee it would take at least \$100,000 from outside contributors to put the program on a balanced footing. But, Watkins said he is concerned that the public furor now being raised over possible cut-backs in athletics might not bear the monetary fruit in the long-run which will be needed to sustain the program.

"I fail to see how we can make an estimate without realizing it is difficult to estimate the current level of interest in terms of dollars and cents a year from now," he said.

Dr. Ray Malzahn, a committee member, urged that no recommendation be made by the committee to the board.

He said a cogent recommendation would require more time and work than the committee members had available to fully investigate the matter.

Committee Chairman Jack Bullock agreed.

"I don't see where we have enough knowledge," he said.

In other business, the committee went into closed session to recommend a penalty to be assessed against the basketball coaches for infractions of NCAA and Missouri Valley Conference recruiting rules.

A runner in the Junior High turkey trot.

Eagles Take 4-0 Mark To Tourney

Canyon's Boy Eagles go into the Hereford Tournament to-night against the state's top AA team with a 4-0 record taken at the expense of three AAAA teams and a weak Memphis squad.

The Eagles of Coach B.B. Kendrick have soundly defeated Memphis, Palo Duro, Caprock and Hereford in season opening basketball battles.

They go against Morton, rated to win the state championship in

AA this year after a 33-3 record in 1974-75, at 6:30 p.m. today in Hereford in the first round of that school's tournament.

"We've got a good club," Kendrick said this week after taking a win Tuesday night from Palo Duro 54-50. "They're playing real well."

The Eagles opened their season with an 87-35 win over Memphis, a game in which all 10 varsity squadmen saw action. Brian Dodson was high-point man with

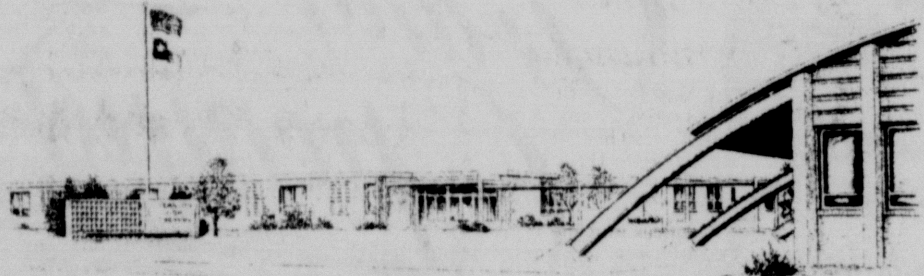

13 for the Eagles, followed by John Johnson with 12 and Ken Cooper with 11.

The Eagles handed Hereford a 66-55 defeat in their second game of the season with Johnson hitting 22 and Mike Flynn hitting 18 for the winners.

Against Caprock, the Eagles tallied 57 points to the Longhorns' 53 for their third victory. Cooper, Flynn and Johnson had 14 points each to lead the game. Tuesday night, The Eagles

downed Palo Duro 54-50 with Flynn racking up 16 points and Johnson hitting 13.

Kendrick said the Eagles led Palo Duro throughout the night and at one point retained a 16-point edge. The Eagles were hurt by two injuries to Johnson and Cooper late in the game and the Dons moved the score to within the four-point margin.

**DON'T VOTE TO SPLIT OUR HIGH SCHOOL
VOTE "NO", DECEMBER 9TH**

WE'RE ON THE WAY to being a Class 4A high school with all of the advantages that this will allow for our students. A few more students at Canyon High and we can join the ranks of Class 4A schools which includes PAMPA, HEREFORD, AMARILLO, and PLAINVIEW in the Panhandle of Texas.

Elementary education can be satisfactorily accomplished about anywhere you can gather children around a teacher, but with high schools it is a different situation and quality of education is directly affected by size. Larger schools can have bigger and better libraries, laboratories, shops, business machines and specialized vocational facilities than can smaller schools. Also many more elective subjects can be offered a student so that he can obtain maximum education in his fields of interest and not be forced to just take the subjects which are required to graduate.

After an exhaustive study we have been unable to find where any school district in Texas has ever split a Class 3A high school into two schools. There must be a reason why a high school as small as Canyon's has never been split before? There is - - - splitting a high school is a traumatic experience - - - for the students, for the faculty, and for the taxpayers. Historically school districts have postponed splitting of schools just as long as possible and in every case we know of they have held off splitting until the resulting two schools would both be class 4A with the resultant advantages to the students.

CANYON HIGH SCHOOL can be doubled in size on the existing Canyon campus and at a cost factor that is reasonable and prudent. By removing the two space wasting "bow frame" structures from the west side of the campus a new two-story classroom building can be built and which can also contain a new 1600 to 1800 seat auditorium. - - All in very little more ground space than is now occupied by the "bow frame" structures. There is also space on the south side of the campus for a new gymnasium and fieldhouse.

Most of the areas on campus now devoted to grass and which is usually grown up in tumbleweeds and ragweeds can be converted to parking area. Also there is land available across the street north of the campus which can be obtained for additional parking.

Of course, this would cost only a fraction of what a complete new campus would cost and the economics of maintenance and operation does not require description.

We can accomplish this high school addition and can build a new elementary school within the Canyon city limits to take pressure off the two existing elementary schools all for about half the cost of the six million we are being asked to spend now - - - and with millions more in costs to come in the future.

DON'T LET THEM SPLIT OUR HIGH SCHOOL, VOTE "NO" ON DECEMBER 9TH.

Junior Livestock Show To Be Held Here Jan. 10

The 28th annual Randall County Junior Livestock Show and sale will be in Canyon on Saturday Jan. 10, 1976. All committee work for this youth event is now underway headed by a new slate of officers and leaders.

At a recent meeting of the membership of the sponsoring association, Dr. John McNeil was chosen president. Carrol Adams is vice president and is in charge of membership sales while Mike Henders was chosen as Secretary. Treasurer, Bob Gruener, past-president will serve as general superintendent of the '76 show.

Since a few of the breeding classes were eliminated from the 1976 show, all events will take place within the same day. Horses, breeding swine, and dairy heifers will not be shown this year due to a declining interest in these events. All other departments and classes will be run as in past years.

More than 150 Randall County boys and girls representing all

the rural communities in Randall County as well as Canyon and Amarillo will be participants as they exhibit market hogs, fat lambs, market steers, breeding sheep and beef heifers before the judges.

This 28th annual show and sale will take place at the J.O. Parker Memorial Building in Canyon.

Blood Pressure Checks Are Set For Sr. Citizens

Blood pressure checks for Canyon Senior Citizens will be conducted by the nursing department students of West Texas State University Thursday evening, Dec. 4, at 6 p.m. at Canyon Community Center.

The Senior Citizens will have their regular weekly supper meeting at 6:30 p.m. following the testing and games and fellowship will follow.

Any senior citizen, aged 55 and older, is invited to participate in the regular weekly meetings.

Gearld Carters Have Baby Girl

Mr. and Mrs. Gearld L. Carter, Jr. of 608-B 27th Street, Canyon announce the November 24 birth of a daughter, Bethany D'Ann, at Palo Duro Hospital.

The baby girl weighed 7 pounds, 2 1/2 ounces and measured 19 1/4 inches at birth. The Carters have an older daughter, Jessica Rene, 3, and the father is an examiner with Lawrence Systems, Inc.

Maternal grandparents are Virginia N. Baker Chism of Anaheim, Calif., and Eugene M. Baker of Houston. The paternal grandparents are Mr. and Mrs. Gearld L. Carter, Sr. of Amarillo. Great-grandparents are Mr. and Mrs. William H. Hall of Canyon.

Joe Dempseys Have Baby Boy

The Joe Bill Dempseys of 802 S. Jackson, Amarillo, announce the Nov. 22 birth of a son, Justin Clay, at Palo Duro Hospital in Canyon.

The baby boy weighed 7 pounds, 14 1/2 ounces at birth and measured 20 inches in length. He has an older brother, Yancey Wade, 3, and his father is employed with the Amarillo Police Department.

Grandparents are Mr. and Mrs. Jack Dempsey of Matador and Mr. and Mrs. J.S. Mayes of Happy.

Vincent Ehlys Have Baby Girl

Mr. and Mrs. Vincent Ehly of 900 17th Street, Canyon announce the Nov. 28 birth of a daughter, Jennifer Ann, at Palo Duro Hospital.

The baby girl weighed 7 pounds, 7 1/2 ounces and measured 18 1/2 inches at birth.

She has an older brother, Kevin, 7, and her father is the owner of Vincent's Package Store.

Grandparents are Mr. and Mrs. Ben Buecker of Umlinger and Mrs. Anna Ehly of Nazareth.

Siesta
Noticias

BY DORIS MCKEE
IT'S COMING NEARER and nearer. If I take off my shoes, I can count just the number of days until Christmas Eve. Where oh where has 1975 gone?

Speaking of gone, that's what everything did Saturday that wasn't tied down. It was long gone. Ole man wind sure did huff and puff. Damages weren't too bad here.

One trailer did get blown over, but it hadn't been blocked and tied down. Garbage cans and lids went flying, also some sheet metal was up and away.

Rinehart's had a piece of blowing sheet metal hit their trailer. Rinne's patio cover flopped loose on the west side, but Albert managed to get it tied down and save it.

Hoffman's decorative fence out front broke loose. All-in-all it was a most unforgettable windy day.

SUSAN PADGETT CALLED to tell me about a Surprise Birthday Party. Seems her grandmother, Mrs. E.N. Giddens of Pampa was honored on her 80th birthday Saturday.

Mrs. Giddens' daughter, Sarah McKee took her mother shopping and when noon rolled around she suggested they go to Furr's cafeteria for lunch. As they came to the end of the serving line, they were directed to one of the party rooms, where the other guests were waiting. Mrs. Giddens was very surprised and pleased.

Later in the afternoon a reception was held in the Flame Room of Pioneer Natural Gas Co. in Pampa. A covered dish supper ended the day.

Guests attending were Tim, Susan, Chad and Laura Padgett of Siesta, Jack, Virginia, Carol and Gary Tabor also Donnie and Cindy Pshigoda all of Perryton. Roy, Sarah and Gale McKee of Sweetwater Texas, Karen Giddens of Amarillo, Les and Sandy Godwin and children of Moore, Oklahoma, Larry, Pat, Terry and Jo Jo Beets also Eddie, and Vera Giddens of Shawnee, Oklahoma, and from Pampa, Louise and Bob Gilchrist, W.I. Gilbert, Judy and Heath Summers, Becky and Carla Cook, Kathy, Anita and Lisa Campbell and, of course, Mrs. E.N. Giddens.

They had a lovely decorated cake and Mrs. Giddens wore a red rose corsage. Four generations were present. Mrs. Giddens' birthday was on the 24th of November. That day she had a card shower and received many, many beautiful cards.

Susan said it was a very wonderful affair. I would have to agree.

TIM, SUSAN, CHAD and Laura Padgett were in Perryton for Thanksgiving. They had lunch with Susan's folks Jack and Virginia Tabor.

TOM AND JO Fulkerson's son, Larry, and a good friend of his Rick LaCourse were here to spend the Thanksgiving holidays. Both boys attend the

University in Tucson.

CHARLES AND CLARICE Heglin traveled to Odessa where they spent Thanksgiving with some good friends, Mr. and Mrs. Bill Schryer.

MRS. JIM McMATH of Albuquerque was here visiting her daughter and family, Dorothy, Ernie, Roger and Greg Robertson over the weekend.

JON, DIANA, MARTY and Christy Hoffman had a nice Thanksgiving. Jon's brother and family, Jim, Pat, Mike and Carey Hoffman of Hazleton, Kansas were here.

ALBERT, KATIE, KATHIE and David Rinne went to Wilson over Thanksgiving. Albert's folks Mr. and Mrs. A.A. Rinne live there. Seems they worked most of the day butchering and preparing beef.

Kathie and David stopped for a few days in Slaton when Al and Katie came home.

Katie's sister and family, Robin, Hody, Eric and Emily of Por-

terfield brought the girls home and spent Saturday night and Sunday.

Called Jean Mayfield to see what they did on Thanksgiving. Teri was home for a few days. I asked Jean how she and Phil were doing on their Jack and Jill (couples league) bowling. Their team is called the Laters and they are in 1st place at Western Bowl.

Another item of interest. Jean Mayfield of 144 Loma Linda has opened a beauty shop in her home. This will be very convenient for any of you ladies in this area. She will be open on Tuesday afternoon's, Wednesdays, Thursdays and Fridays. If you'd like, give her a call at 355-5313.

TALKED TO EUNICE Rinehart to see if she and Barney had a good Thanksgiving. She said they went to daughter's, Charlotte and Tom McWilliams, Sr. She said they had a very good and pleasant day. Also present was their son Bobby.

LARRY, CAROLYN, CECILIA and Mickey Bays went to Dallas for Thanksgiving. They visited Carolyn's sister and family, Betty and Weldon Massey. Also Carolyn and Betty's mom Carrie Rich was there.

JAMES, LINDA AND Christy Grunke spent Thanksgiving with James' folks Mr. and Mrs. George Welch who live at White Fence Farms. They had a very nice family get together.

ROYCE, MYSELF, TOD and DeAnn went to Lubbock on Wednesday evening. We arrived

at my mom's, Ethel Weaver, just about twenty minutes ahead of my brother and family, R.H., Helen, Tim, Rodney, and Judy Weaver of Denver City, Texas. Judy brought a girl friend Shannon.

We had Thanksgiving dinner at Mom's. In the afternoon we went to Royce's folks, Mr. and Mrs. V.M. McKee.

There we also visited with Royce's sister and their families, La Vera, Sherry, Kellie, Rhnee and Bryan Buckalew and San-

dra, Mark and Christy Suitt.

I HAVE SAT and listened to people talk about the time their teenage daughters spend on the telephone and thought it quite amusing.

My daughter DeAnn, is only in kindergarten and you guessed it. Quite frequently the phone rings and this little male voice says, "Could I talk to DeAnn?" And then the giggling and chatting goes on and on.

Guess I'll get use to it in the next several years.

IT IS TIME to sign off for this week, so will put down the ole pen. Be back next time so keep on reading.

Thought for this week, "Smile! You're not on Candid Camera but you sure could make someone's day."

See ye.

Doris McKee
355-4133

Les Amies Club
Sees Cancer Film

Les Amies Juniors Club for Federated clubwork among high school girls met on Tuesday, Nov. 25, at the Activities Center of West Texas State University with Roma Johnson, president, in charge.

About a dozen members attended the meeting as the program included a film on cancer and discussion afterwards with Miss Sandra Meek, dean of women, and a representative from the Cancer Society.

The club's next meeting will be a December trip to Girlstown in Borger. The members will leave from the local school building on a date yet to be decided and will visit and tour the Girlstown facility in Borger and present the home with a yearly donation of canned goods and money from the local club.

Holiday Dessert
Time Is Sunday

A tasting event featuring Christmas desserts will be conducted Sunday afternoon, December 7, under the sponsorship of the Scribes Honor Society of West Texas State University.

Open to the public, the event will be held from 2-4 p.m. at the Episcopal University Center with admission being \$1 per person.

Copies of recipes being served will be available by the sponsoring organization.

BSP Chapter
Plans Parties

Two events are planned for December by members of Alpha Theta Delta chapter of Beta Sigma Phi sorority including a social with their husbands and another with their children.

Planning for both holiday parties were made at a recent chapter meeting where Mary Alice Hines presented the program on "women to whom we are indebted."

The chapter's party for their husbands will be Saturday evening, Dec. 6, beginning at 7:30 p.m. at the Canyon Junior Livestock Building. The event will include games, a gift exchange and refreshments.

On Dec. 11 at 7 p.m. the chapter will hostess a party for the members and their children at the Gary Clark home in the 2400 block of 11th Avenue.

Books Ordered
For Spellers

Spelling books for students planning to compete in the county spell-downs have been ordered and will be available soon, Mrs. Vondean McGregor announced.

The books will cost 25 cents each.

This year, for the first time, all elementary and junior high youngsters who compete in their school competition will receive certificates and the county champion will receive a plaque.

The county champion will be selected by April 3 for regional competition April 24 at Stephen F. Austin School in Amarillo.

Tree Theft
Nets Fine

Quince Ray Cogburn, 18, a Shamrock student at West Texas State University, pleaded guilty Tuesday in municipal court to the midnight theft of a \$3 Christmas tree from Taylor and Sons. He was fined \$35 and tax.

African Adventure
Set For AAUW Here

Canyon branch of the American Association of University Women will take an "African Adventure" with Ples and Margaret Harper reporting to the group Saturday, Dec. 6.

The meeting will begin at 12:30 p.m. at the Episcopal University Center and will include a covered dish luncheon.

Co-hostesses for the luncheon are Lucy LaBrie, Jo Ellen Moses, Mary Staton and Maria Tarrab.

BSP Party - Dinner

Set For Saturday

A progressive holiday party and dinner for the members of Chi Upsilon chapter of Beta Sigma Phi sorority and their husbands is scheduled Saturday evening, Dec. 6.

The event will begin with cocktails at Nell Haws' home at 7 p.m. with the dinner to be served at 8 p.m. in Sherri Montgomery's home. The evening will conclude with an exchange of gag gifts at Jeri Rozell's home at 9 p.m.

FLAG HERITAGE - Fourth graders in Mrs. Bonnie Hinger's class at Rex Reeves have traced the evolution of the American flag through reports and pictures. Here, Mrs.

Hinger, Tara Tankersley and Troy Skarke show some of the early flags they have studied.

Funeral Held Wednesday For Hester B. Cash, 92

Funeral services for Mrs. Hester B. Cash, 92, were conducted Wednesday morning, Dec. 3, at the First Presbyterian Church of Canyon with Rev. Baldwin Stribling officiating and interment following at Dreamland Cemetery.

Mrs. Cash was born July 29, 1883 at Round Rock, Tex. and moved with her family to Castro County in 1890 where she was later a pioneer school teacher and active in the organization of the Union Church at Dimmitt.

She was married to Harvey Cash in February 1902 at Dimmitt. He died in 1946.

The couple moved to Canyon in 1920 and she was an active member of the Woman's Book Club and active in the local, Presbyterian and Synodical women's work of the Presbyterian Church. She was a member of the First Presbyterian Church of Canyon and the family has requested

memorial gifts go to the church. She died Monday night, Dec. 1, at Deaf Smith General Hospital.

Boy's Birth
Is Announced

Mr. and Mrs. Bobby Brown of 1303 6th Avenue, Canyon announce the Nov. 29 birth of a son, Troy Lane, at Palo Duro Hospital.

The baby boy weighed 7 pounds, 2 ounces and measured 20 inches at birth. He has an older brother, Mark, 2½.

The father is an engineer with Jake Diel Dirt and Paving, Inc. Grandparents include Mrs. Joyce Crum of Spearman, Hubert Uptergrove of Roscoe and Mr. and Mrs. John Brown of Spearman.

in Hereford and had made her home at Westgate Nursing Home in Hereford since August 1974. Local arrangements were handled by Schooler Gordon Funeral Home of Canyon. Elders of the First Presbyterian Church of Canyon served as pallbearers.

Survivors include three daughters: Mrs. Fannie Laas of Plainview, Mrs. R.A. Dodgen of Shamrock and Mrs. O.P. Cowart of Riverside, Calif.; one son, Harvey Cash of Dallas; 9 grandchildren and 17 great grandchildren.

Wedding Planned

Dr. and Mrs. Theodore D. Freidell of #11 Hunsley Hills Boulevard announce the engagement and approaching marriage of their daughter, Patricia Elaine, and Timothy Hugh Penprase.

The couple is planning wedding vows to be exchanged on January 3 at St. Andrew Episcopal Church in Amarillo.

Mr. and Mrs. John N. Penprase of Kansas City, Missouri are

parents of the prospective bridegroom. He attended Penn Valley Junior College in Kansas City and has spent the past two years serving with the United States Navy. Presently he is attending West Texas State University.

The bride-elect is a 1974 graduate of Canyon High School, former student of West Texas State University and is currently employed with an Amarillo firm.

Dr. Enid Bates (left) discusses with mature women the classes and books they might encounter when returning to or just beginning their WTSU education. From left to right, Dr. Bates; Mrs. Ruby Bayles of Dumas, Mrs. Mary Aguilar of Hereford, and Mrs. Peggy Spiers of Amarillo.

Trees Fire Hazard Unless Handled Properly

'Tis the season — and with holiday traditions revolving around the sparkling beauty of a Christmas tree in every household — it is a time for all residents to remember that "fires" await those who are unwary of the rules and guidelines to observe in caring for a holiday tree and its tinsel.

Fire Marshall Jerry Lehnick noted this week that "whether you purchase your living tree the first of December or wait until Christmas Eve — it has been cut and drying out for the same length of time."

In selecting a tree residents should remember that trees from the mountainside should be cut at an angle one or two inches above the original cut and then placed in water to keep it fresh throughout the season. The new angled cut will allow the tree to absorb water — but remember that the heat from rooms will tend to dry out the trees rapidly — and a dry tree is a fire hazard (kindling in your living room you might say!).

The use of flame retardant flocking materials is "one of the best ways to make a Christmas tree safer," stated the Fire Marshall. "And when you light the tree the use of miniature bulbs is the best way — because the miniature bulbs don't generate as much heat."

"Of course one of the most important points to remember is to check all electrical wiring and connections and DO NOT OVERLOAD the circuits and extensions being used," cautioned Lehnick.

On artificial trees use only the miniature lighting as larger bulbs will melt the branches — and on the artificial aluminum trees use either a floodlight from

above or below and never use electrical wiring on these trees, because a short circuit can make the entire tree the touch of electricity.

Candles on the tree or amid dry leaves in centerpieces are OUT as they are a definite fire hazard. Candles should only be used in non-flammable holders and should be kept away from other decorations and wrappings. Always place candles where they cannot be knocked down or blown over by a breeze.

A few points to remember in selecting the tree include: (1) check for color and scent as a fresh tree is deep green with a strong scent of pine, (2) be sure that needles do not readily fall from the tree, and (3) the trunk butt of a fresh tree should still be sticky with sap.

When taking the tree into your home remember to place the tree in a location away from fireplaces, radiators and other heat sources and be sure that it is out of the traffic pattern and not blocking exit doorways.

Check lights before placing on the tree being careful to discard any equipment that you deem unsafe and always turn off the lighting on a tree and other decorations when retiring or leaving the home.

And when Christmas morning comes take precautions in disposing of the wrappings. Wrappings should be deposited in a metal container and never burned in the fireplace as they may ignite suddenly causing a flash fire in the home.

Spend your Christmas safe and happy by taking a few simple precautions as the decorations come out to signal the season is ahead!

Court's Ruling Won't Matter To 'Long Gone' Defendant

The nation's highest court may have ruled and the Potter County District Attorney may have made history thereby Monday, but it all mattered little to Earl White.

White, the defendant in a case tried in 1972 in 108th Dist. Court in Amarillo, a case appealed to the U.S. Supreme Court by prosecutors, jumped bail two years ago and "is long gone," according to his attorney, Jim Brown of Canyon.

Brown, court-appointed attorney for White, said the defendant has not been heard from in at least two years.

CB Business Meet Tonight

Buffalo Breakers CB Club will have a business meeting and fellowship for all local residents interested in citizens band radio activities this evening, Dec. 4, at the Fellowship Hall of First Christian Church.

The meeting is scheduled to begin at 7:30 p.m. and is open to all interested residents.

ruling Monday overturned a Texas Court of Criminal Appeals decision in favor of White, allegedly the first time in history the Texas court has been overturned with a ruling in favor of the prosecution.

Brown, who appealed the 108th District Court verdict assessing a five-year prison term on White for the alleged attempt to pass a forged check, said the appeal which was overturned by the Supreme Court concerned the search of White's automobile.

The court of criminal appeals overturned the district court decision originally siding with Brown's claim that the search performed by Amarillo police on White's car was unwarranted and a violation of the defendant's fourth amendment Constitutional rights.

Brown said Tuesday he's not sure what the Supreme Court ruling says because he has not yet received a copy of the decision.

Write Santa Now. . .

Santa Claus informed the Canyon News early this week that he is getting ready to start packing down his sleigh for the trip to the Texas Panhandle.

And since he can't be expected to outguess each and every youngster in Canyon, he urged that they all get their letters in the

mail early so he'll know what gift to leave for each child Christmas Eve.

Letters to Santa Claus may be addressed to Box 779, Canyon, and will be forwarded to Santa for timely delivery. Letters will also be published in the Christmas edition of the Canyon News.

Best In Life May Be Free, But Gifts Under Tree Costs

BY KAROLYN FARMER
WELL, WE'VE GOT one holiday out of the way, and before we know it, it will be time for another one. Our kids have already made out their Christmas lists—and it looks like Kyle and I will either have to rob a bank or inherit a small fortune to pay for everything.

Unfortunately we've passed the age of cute toys and little games. This year their lists include a stereo and ski equipment, none of which comes cheap.

No. 2 Son has asked for a skateboard. Would you believe that the fiberglass model sells for a measly \$30?

They say that the best things in life are free—but somehow I don't think our little darlings would be too thrilled with a box of "sunshine" or a bottle of "raindrops."

I've got a feeling though that the smiles on their faces on Christmas morning will make that stack of bills seem much smaller.

FRANKLIN AND GWEN Henwood, DeAnna, Sharon, Carol and Julie spent their Thanksgiving Holiday in sunny California. The Henwoods left a few days early and rode the train to San Diego.

Gwen's parents, Mr. and Mrs. Thomas Chappell, her three brothers, two sisters and their families all make their homes in California. Besides lots of visiting, Gwen, Franklin and the girls also enjoyed trips to the zoo, the aquarium and the beach.

One of Gwen's sisters also happens to have a swimming pool in her back yard, so the Henwoods managed to get in lots of swimming during their visit.

JOHNNY AND PHYLLIS Hicks and family celebrated their holiday a little early this year. Phyllis' parents, Mr. and Mrs. Bill SoRelle, came from Plainview to share Thanksgiving dinner with the Hicks last Wednesday.

Then on Thursday morning, Johnny, Phyllis, Karol, Sheila and John all took off for Albuquerque for another swim meet. They managed, in spite of the bitter, cold weather, to get in a visit to Old Town for some shopping.

John came down with the flu on Friday, so he had to miss out on the swimming competition.

But Sheila swam in four events of the Albuquerque Invitational Meet, placing third in the 50-free. She also competed in the 100 back stroke, 100 breast stroke and 50 fly events.

JIM AND MARY Jo Smith, Nikki and Derek went to Grand Prairie last week to spend the holidays with Jim's mother, Mrs. Christine Smith.

The Smith family especially enjoyed going to the Trades Fair in Canton. The outdoor marketplace is open the first weekend of every month. Hundreds of booths are set up in a field, offering everything from tools and furniture to animals for sale.

Mary Jo says it's definitely worth seeing if you're ever in the area.

LATE HAPPY BIRTHDAY wishes go to Donnie Trammell, who celebrated his 12th special day on November 27th.

SARAH AND BILLY Edwards, Shannon and Jay enjoyed visiting this past week with Sarah's sister, Mary Vieregge, her husband, Gerald, and boys, David and Steven.

Sarah's mother, Mrs. Melba Prather of Lubbock, went with the Edwards. They also went to Hamlin for a visit with Sarah's grandmother.

STACY HOWARD FELL victim (literally) to a hematoma this week. Actually while Jayme Melton was teaching her some tumbling tricks, Stacy hurt the big toe on her left foot, causing a blood clot type of injury.

It's a very painful thing, and required some minor "surgery" in the doctor's office.

Stacy is the daughter of Everett and Sharon Howard.

GLENNA AND LEONARD Schmidt, Len, Carla, Russell and Steve all drove to Crowell last week for the holidays. They visited with Glenna's sister, Mrs. Bill (Robbie) Caulf, and her family.

RAYDELL AND DONNIE Palmer, Shonda and Shane spent their holiday visiting relatives and going to football games. They first went to Denton to stay with Raydell's brother, Derald Wakefield, and his family. While in Denton, the Palmers saw the Mean Green of North Texas defeat UT in football.

Then the Palmers went to Dallas for a visit with Donnie's brother, Hoyte (Junior) Palmer and his family. They especially enjoyed watching the Dallas Cowboys beat the N.Y. Giants.

Raydell's most exciting moment came when he waved at Roger Staubach and he waved back. (Or at least she swears he was waving at her).

THE GENE HOWE Community Education Committee met Monday evening, Dec. 1st, to make plans for the upcoming courses to be offered at Gene Howe. Another meeting is planned for Monday, December 15th at 7 at the school.

Georgia Sorrells was elected as president of the group. If you have any suggestions or ideas for courses, or if you know someone who would be willing to teach a Community Education course, please call Georgia at 355-0813.

SAUNDRA AND JAMES Hyatt, Ryan and Matthew got in lots of visiting during the recent holidays. They stayed both in Lubbock and Olton, where they visited with James' parents, the Jim Hyatts, and Sandra's parents, Mr. and Mrs. Winfred Stout.

The Hyatts took part in a special family birthday celebration. Sandra and her sister, Susan Rushing, both had birthdays on November 29th, Mr. Stout's was on the 27th and James' birthday is December 2nd.

SYMPATHIES ARE EXTENDED to Mr. George McCurry, whose mother, Mrs. J.C. McCurry, died on Monday, November 24th. George's father, J.C. McCurry, passed away on November 24th, 1974, just one year exactly preceding his wife's death.

Also of unusual coincidence is the fact that Mr. and Mrs. J.C. McCurry were married on Thanksgiving Day 65 years ago.

George and Vera, along with Edythe, Regina and Mac, attended the services in Fort Worth last week.

GWEN AND EDGAR Sellers, Danny and Steve went to Houston last week for a visit with Gwen's sister, Mrs. N.L. Miller, and her family.

Gwen's sister, Mrs. Danny Spencer, and her family of Lafayette, La. were also present for the Thanksgiving festivities.

The Sellers made a stop in Denison on their way home to visit with friends there.

THE PALO DURO High School Class of 1960 held their 15 year reunion last weekend in Amarillo. Roy McDowell was chairman of the event, which was attended by 175 former graduates.

Wayne Hawkins, assisted by his wife Linda, was in charge of the banquet on Saturday evening. Alvin Howard made the arrangements for the special guests who attended.

An open house and reception

was held on Saturday afternoon for the alumni and their families, as well as their former teachers.

A dance followed the banquet that evening and prizes were awarded in several categories to those present. The graduate who came the farthest distance for the reunion was from Hawaii.

Mrs. Royal (Chris) Yarbrough was given the prize as the graduate who had changed the least.

LINDA AND TERRY Robinson, Tom and Scott, spent their holiday in Carlsbad, N.M. with Terry's parents, Mr. and Mrs. Lloyd Robinson.

Terry's brother and sister and their families were also present for the family reunion.

THE 6TH GRADE girls basketball team, coached by Delbert Tension, played a game against Lamar School on Monday night. They won by a score of 37-18.

On Thursday, Dec. 4th, the girls will play in an exhibition game against Ridgcrest at the Amarillo Civic Center. They have been chosen by Kids, Inc. to represent all area grade school basketball teams.

Their game will begin at 4:30 Thursday afternoon, and will be followed by a game between two junior high Kids, Inc. teams. Following that game, the WT Buffaloes will have a game.

This will be a great chance to see lots of good basketball. Our Gene Howe girls are undefeated, and the team from Ridgcrest is ranked second in their league.

THE BOYS BASKETBALL program will be beginning soon at Gene Howe. Kids, Inc. Round-up man, Leonard Schmidt, is needing coaches for teams in Grades 3 through 6.

If you are interested in coaching a team, please call Leonard at 352-0741.

CONGRATULATIONS TO THE Gene Howe area boys who were recently named to the Class 1-AAA All-District team. Kenny Basinger was named to the First Team. Drew Hetzler, Bob Lee and Len Schmidt earned Honorable Mention honors.

TOMMY AND LINDA Ford, Corey, Jana and Amy, returned Sunday from a trip to Caddo Lake outside of Shreveport, La. The Fords enjoyed lots of fishing, although they didn't do much "catching."

GEORGIA SORRELLS AND I represented Gene Howe PTA at the annual Christmas Tea of the Amarillo Area Council of PTA. The council meeting and tea were held on Monday at the school administration building.

Troyce Mulherin, who is council secretary, and Aurila Currie,

of Canyon, were also present.

HAPPY ANNIVERSARY WISHES to Pat and Bill Seth, who will celebrate their special event on December 7th.

HAPPY BIRTHDAY WISHES to Michelle Arnett who will be eleven years old on December 10th.

THE GENE HOWE 5th Graders will present a Christmas Program at the PTA Meeting on Monday, December 8th at 7:00. It's going to be very special, so

make plans to attend.

VOTE ON DECEMBER 9th! If you need a ride to the polls, call me at 355-8549, and I'll arrange for someone to come by for you.

MANY GENE HOWE residents attended the Town Hall Meetings held in Canyon. It really makes me very proud to be a part of a community where so many people are involved, participate and share together in making a better life for our children.

Estelle Blount places the decorative tree skirt around the Christmas tree at the LaCasa Canyon Nursing Home as another patient, Buna Brotherton, looks on. The tree

and other holiday decorations were put up at the home Monday evening by members of the adult and junior volunteer groups which aid the home on various projects.

Cafeteria Menu

REX REEVES AND GENE HOWE ELEMENTARY
Monday, Dec. 8—Tacos with Grated Cheese, Green Salad, Pork & Beans, Fruit Cup, Bread.

Class Of '65 Recalls High School Days With A Thanksgiving Reunion

The 1965 graduates of Canyon High School held a Thanksgiving class reunion in Canyon beginning with a chile supper Friday evening at Canyon Community Center.

Music for the evening was a history of rock and roll with a display of pictures and yearbooks from the graduates past. A series of "most" awards were given for the graduate most changed, most greyed, most weight gain, most children, and most distance travelled to attend.

At noon Saturday, Nov. 29, the

class held a picnic at Canyon High School for the graduates and their families and concluded the week end reunion with a dinner dance at the Hilton Inn Ballroom in Amarillo that evening.

John Brandon was the master of ceremonies for a skit program and a raffle drawing was held for a dozen gifts including a painting donated by class member, Randy Brown. Music for the dance was furnished by the Tiffany Brass.

Sponsoring the week end reunion from Canyon were The Fur-

niture Gallery, Gibson's, Taylor's Food, Williams, Etc., West Texas Western Store, West Texas Arts, Tom Lair, Charles Nestor, Jack Taylor, Clark Jarnagin, Charles Gerald, Monarch Cleaners, Byrd Pharmacy and Dan's. Amarillo sponsors for the reunion were Stark's Gifts, Canterbury, Zales, Evans Appliance, Texas Glass and Howard's Feed Store.

Home for the reunion were Dianna (Batenhorst) Stork and Greg of Sunray; John Brandon of Amarillo; Faye Ann (Brown)

Butler and Harold of Pampa; Randy Brown of Canyon, Randy Buttrill of Canyon, Judy (Byars) Greiner and Steven of Canyon; Kaydean (Barnard) Prichard and Preston of Richardson; Judy (Clark) Jones and Fayne of Amarillo; Linda (Coffman) and Richard Merchant of Amarillo, Dave Cornett of Amarillo, George Cox of Canyon, Dr. Ken-ny Crossland of Canyon, Alex deSchweinitz of Galveston, Lee Cogswell of Los Angeles, California, Janiece (Eudy) Meyers and husband, Dr. Henry Meyers

of Austin.

Other '65 graduates and spouses here for the reunion were: Cynthia (Gerald) Franklin and Valton of Amarillo; Rue Ann (Guill) Cox and Royce of Big Springs; Sherre (Hare) House and Gary of La Verne, Oklahoma; Tommy Higgins of El Paso; Wilson Howard of Amarillo; Lynda (Hughes) Sasser and Bob of Plainview; Jan (Jarnagin) Powell and Jesse of Tulsa; Jill (Jarnagin) Gibson and Mainess of Houston; Beth (Jarrett) Ivy and Jim of Fort

Stockton.

Also attending were Dr. Joe Kerbel of Fort Worth; Andrea (Lair) Metcalf and Glen of Canyon; Bill and Patsy (Thomas) Miller of Houston; Ricky Miller of Dallas; Joe and Sally (Nester) Brantley of Wichita, Kansas; Red Parker of Dalhart; David Pittard of Houston; Laura (Plank) Harbert and Gary of Dumas; Linda (Podzemny) Riser and Wally of Amarillo; Ronny Roddy of Knox City; Sharon (Ruthart) Henry and Dale of Amarillo; Susie (Raef)

Hicks and Marion of Canyon; Jody Sheets of Borger; Lowann (Sparkman) Singleton of Wake

Village, Kirby Sunderman of Canyon; Lee Allen Walker and Lonnie Wilson, both of Amarillo.

Burglary At School

Two typewriters stolen from Canyon High School on Sunday were found abandoned along the railroad tracks.

A large rock was used to break through a window into the teachers' lounge to enter the building, according to police. The typewriters, one new, were taken from a near-by typing room.

Three windows were broken,

with damages estimated at \$55. Apparently, several attempts to gain entry were made, police said.

The typewriters were found about noon Monday stuffed in a purple duffle bag alongside the Santa Fe tracks west of the city limits near Farmer Brown's road by C.M. Cole of Hereford, a Santa Fe employee.

ODDS CHART
